The petition proposed that the regulations for food additives permitted in feed and drinking water of animals be amended as set forth in this document. This is not a significant regulatory action subject to Executive Order 12866.

III. Public Disclosure

In accordance with §571.1(h) (21 CFR 571.1(h)), the petition and documents we considered and relied upon in reaching our decision to approve the petition will be made available for inspection at the Center for Veterinary Medicine by appointment with the information contact person (see FOR FURTHER INFORMATION CONTACT). As provided in §571.1(h), we will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

IV. Analysis of Environmental Impact

The Agency has determined under 21 CFR 25.32(e) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment, nor an environmental impact statement is required.

V. Objections and Hearing Requests

If you will be adversely affected by one or more provisions of this regulation, you may file with the Dockets Management Staff (see ADDRESSES) either electronic or written objections. You must separately number each objection, and within each numbered objection you must specify with particularity the provision(s) to which you object, and the grounds for your objection. Within each numbered objection, you must specifically state whether you are requesting a hearing on the particular provision that you specify in that numbered objection. If you do not request a hearing for any particular objection, you waive the right to a hearing on that objection. If you request a hearing, your objection must include a detailed description and analysis of the specific factual information you intend to present in support of the objection in the event that a hearing is held. If you do not include such a description and analysis for any particular objection, you waive the right to a hearing on the objection.

Oil and Gas and Sulfur Operations in the Outer Continental Shelf—Civil Penalties Inflation Adjustments

ACTION: Final rule.

SUMMARY: This final rule implements the 2018 adjustment of the level of the maximum civil monetary penalties contained in the Bureau of Ocean Energy Management (BOEM) regulations pursuant to the Outer Continental Shelf Lands Act (OCSLA), the Oil Pollution Act of 1990 (OPA), the Federal Civil
Penalties Inflation Adjustment Act Improvements Act of 2015 (FCPIA of 2015), and the Office of Management and Budget (OMB) guidance. The 2018 adjustment multiplier of 1.02041 accounts for one year of inflation spanning the period from October 2016 through October 2017.

DATES: This rule is effective on March 2, 2018.

II. Calculation of 2018 Adjustments

SUPPLEMENTARY INFORMATION:

I. Background and Legal Authority

II. Calculation of 2018 Adjustments

Federal Register / Vol. 83, No. 42 / Friday, March 2, 2018 / Rules and Regulations 8931

The Outer Continental Shelf Lands Act (OCSLA) directs the Secretary of the Interior to adjust the OCSLA maximum civil penalty amount at least once every three years to reflect any increase in the Consumer Price Index to account for inflation (43 U.S.C. 1350(b)(1)). The Federal Civil Penalties Inflation Adjustment Act of 1990 (Pub. L. 101–388; 104 Stat. 1341) requires that all civil monetary penalties, including the OCSLA maximum civil penalty amount, be adjusted at least once every four years.

Similarly, the Oil Pollution Act of 1990 (OPA) authorizes the Secretary of the Interior to impose civil penalties for failure to comply with financial responsibility regulations that implement OPA. The FCPIA of 1990 requires that all civil monetary penalties, including the OCSLA maximum civil penalty amount, be adjusted at least once every four years.

This FCPIA of 2015 requires Federal agencies to promulgate annual inflation adjustments for civil monetary penalties. Specifically, agencies are required to adjust the level of civil monetary penalties with an initial “catch-up” adjustment through an interim final rulemaking (IFR) in 2016, and must make subsequent annual adjustments for inflation, beginning in 2017. Agencies were required to publish the first annual inflation adjustments in the Federal Register by no later than January 15, 2017, and must publish recurring annual inflation adjustments by no later than January 15 each subsequent year. The purpose of these adjustments is to maintain the deterrent effect of civil penalties and to further the policy goals of the underlying statutes.

BOEM last adjusted the levels of civil monetary penalties in BOEM regulations through a final rule, RIN 1010–AD95 [82 FR 10709], which was published on February 15, 2017.

BOEM is promulgating this 2018 inflation adjustment for civil penalties as a final rule pursuant to the provisions of the FCPIA of 2015 and OMB guidance. A proposed rule is not required because the FCPIA of 2015 states that agencies shall adjust civil monetary penalties “notwithstanding Section 533 of the Administrative Procedure Act.” (FCPIA of 2015 at sec. 4(b)(2)). Accordingly, Congress expressly exempted the annual inflation adjustments implemented pursuant to the FCPIA of 2015 from the pre-promulgation notice and comment requirements of the Administrative Procedure Act (APA), allowing them to be published as a final rule. This interpretation of the statute is confirmed by OMB Memorandum M–18–03. (OMB Memorandum M–18–03 at 4 (“This means that the public procedure the APA generally requires—notice, an opportunity for comment, and a delay in effective date—is not required for agencies to issue regulations implementing the annual adjustment.”)).

II. Calculation of 2018 Adjustments

Under the FCPIA of 2015 and the guidance provided in OMB Memorandum M–18–03, BOEM has identified applicable civil monetary penalties and calculated the necessary inflation adjustments. The previous civil penalty inflation adjustments accounted for inflation through October 2016. The required annual civil penalty inflation adjustment promulgated through this rule accounts for inflation through October 2017.

Annual inflation adjustments are based on the percent change between the Consumer Price Index for all Urban Consumers (CPI–U) for the October preceding the date of the adjustment, and the prior year’s October CPI–U. Consistent with the guidance in OMB Memorandum M–18–03, BOEM divided the October 2017 CPI–U by the October 2016 CPI–U to calculate the multiplying factor. In this case, October 2017 CPI–U (246.663)/October 2016 CPI–U (241.729) = 1.02041. OMB Memorandum M–18–03 confirms that this is the proper multiplier. (See OMB Memorandum M–18–03 at 1 and n.4).

For 2018, OCSLA and the FCPIA of 2015 require that BOEM adjust the OCSLA maximum civil penalty amount. To accomplish this, BOEM multiplied the existing OCSLA maximum civil penalty amount ($42,704) by the multiplying factor ($42,704 × 1.02041 = $43,575.59). The FCPIA of 2015 requires that the resulting amount be rounded to the nearest $1.00 at the end of the calculation process. Accordingly, the adjusted OCSLA maximum civil penalty is $43,576.

For 2018, the FCPIA of 2015 requires that BOEM adjust the OPA maximum civil penalty amount. To accomplish this, BOEM multiplied the current OPA maximum civil penalty amount ($45,268) by the multiplying factor (45,268 × 1.02041 = $46,192.92). The FCPIA of 2015 requires that the resulting amount be rounded to the nearest $1.00 at the end of the calculation process. Accordingly, the adjusted OPA maximum civil penalty is $46,192.

The adjusted penalty levels will take effect immediately upon publication of this rule. Pursuant to the FCPIA of 2015, the increases in the OCSLA and OPA maximum civil penalty amounts apply to civil penalties assessed after the date the increase takes effect, even if the associated violation(s) predate such increase. Consistent with the provisions of OCSLA, OPA, and the FCPIA of 2015, this rule adjusts the following maximum civil monetary penalties per day per violation:
III. Procedural Requirements

A. Regulatory Planning and Review (E.O. 12866, 13563, and 13771)

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs (OIRA) in the OMB will review all significant rules. OIRA has determined that this rule is not significant. (See OMB Memorandum M–18–03 at 3). E.O. 13563 re-affirms the principles of E.O. 12866 while calling for improvements in the Nation’s regulatory system to reduce uncertainty and to promote predictability and the use of the best, most innovative, and least burdensome tools for achieving regulatory ends. E.O. 13563 directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. We have developed this rule in a manner consistent with these requirements, to the extent relevant and feasible given the limited discretion provided agencies in FCPIA. E.O. 13771 of January 30, 2017 directs Federal agencies to reduce the regulatory burden on regulated entities and control regulatory costs. E.O. 13771, however, applies only to significant regulatory actions, as defined in Section 3(f) of E.O. 12866. OIRA has determined that agency regulations exclusively implementing the annual adjustment are not significant regulatory actions under E.O. 12866, provided they are consistent with OMB Memorandum M–18–03 (See OMB Memorandum M–18–03 at 3); thus, E.O. 13771 does not apply to this rulemaking.

B. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) requires an agency to prepare a regulatory flexibility analysis for all rules unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The RFA applies only to rules for which an agency is required to first publish a proposed rule. (See 5 U.S.C. 603(a) and 604(a)). The FCPIA of 2015 expressly exempts these annual inflation adjustments from the requirement to publish a proposed rule for notice and comment. (See FCPIA of 2015 at section 4(b)(2); OMB Memorandum M–18–03 at 4). Thus, the RFA does not apply to this rulemaking.

C. Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

(a) Will not have an annual effect on the economy of $100 million or more; and
(b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; and
(c) Will not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

D. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on state, local, or tribal governments, or the private sector, of more than $100 million per year. The rule does not have a significant or unique effect on state, local, or tribal governments or the private sector. Therefore, a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 et seq.) is not required.

E. Takings (E.O. 12630)

This rule does not effect a taking of private property or otherwise have takings implications under E.O. 12630. Therefore, a takings implication assessment is not required.

F. Federalism (E.O. 13132)

Under the criteria in section 1 of E.O. 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. Therefore, a federalism summary impact statement is not required.

G. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of E.O. 12988. Specifically, this rule:

(a) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and
(b) Meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

H. Consultation With Indian Tribes (E.O. 13175 and Departmental Policy)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian tribes through a commitment to consultation with Indian tribes and recognition of their right to self-governance and tribal sovereignty. We have evaluated this rule under the Department of the Interior’s consultation policy, under Departmental Manual Part 512, Chapters 4 and 5, and under the criteria in E.O. 13175. We have determined that it has no substantial direct effects on Federally-recognized Indian tribes or Alaska Native Claims Settlement Act (ANCRA) Corporations, and that consultation under the Department of the Interior’s tribal and ANCSA consultation policies is not required.

I. Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the OMB under the Paperwork Reduction Act (44 U.S.C. 3501 et seq.) is not required. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

J. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because, as a regulation of an administrative nature, this rule is covered by a categorical exclusion (see 43 CFR 46.210(i)). We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA. Therefore, a detailed statement under NEPA is not required.

K. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in E.O. 13211.
3. The authority citation for part 550 continues to read as follows:

§ 550.1403 What is the maximum civil penalty?

The maximum civil penalty is $43,576 per day per violation.

PART 553—OIL AND GAS AND SULFUR OPERATIONS IN THE OUTER CONTINENTAL SHELF

3. The authority citation for part 553 continues to read as follows:

Authority: 33 U.S.C. 2704; 2716; E.O. 12777, as amended.

4. In § 553.51, revise paragraph (a) to read as follows:

§ 553.51 What are the penalties for not complying with this part?

(a) If you fail to comply with the financial responsibility requirements of OPA at 33 U.S.C. 2716 or with the requirements of this part, then you may be liable for a civil penalty of up to $46,192 per day of violation (that is, each day a COF is operated without acceptable evidence of OSFR).
