FEDERAL COMMUNICATIONS COMMISSION
[OMB 3060–0910]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. OMB Control Number: 3060–0910.

Title: Third Report and Order in CC Docket No. 94–102 to Ensure Compatibility with Enhanced 911 Emergency Calling Systems.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 967 respondents; 967 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Mandatory.

Statutory authority for this collection of information is contained in 47 U.S.C. Sections 1, 4(i), 201, 303, 309 and 332 of the Communications Act of 1934, as amended.

Total Annual Burden: 967 hours.

Total Annual Cost: No Cost.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The information submitted to the Commission will provide public service answering points (PSAPs), providers of location technology, investors, manufacturers, local exchange carriers, and the Commission with valuable information necessary for full Phase II 911 service implementation. These reports will provide helpful, if not essential information for coordinating carrier plans with those of manufacturers and PSAPs. The reports will also assist the Commission’s efforts to monitor Phase II developments and to take action, if necessary, to maintain the Phase II implementation schedule.

Federal Communications Commission.

Marlene H. Dortch,
Secretary, Office of the Secretary.

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.
ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections.

Comment are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 1, 2018. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–0999.

Title: Hearing Aid Compatibility Status Report and Section 20.19, Hearing-Aid-Compatible Mobile Handsets (Hearing Aid Compatibility Act).

Form Number: FCC Form 655.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 934 respondents; 934 responses.

Estimated Time per Response: 13 hours per response (average).

Frequency of Response: On occasion and annual reporting requirements and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. Sections 151, 154(i), 157, 160, 201, 202, 208, 214, 301, 303, 308, 309(i), 310 and 610 of the Communications Act of 1934, as amended.

Total Annual Burden: 12,140 hours.

Total Annual Cost: No costs.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Information requested in the reports may include confidential information. However, covered entities are allowed to request that such materials submitted to the Commission be withheld from public inspection.

Needs and Uses: The Commission will submit this information collection as a revision to the Office of Management and Budget (OMB) after this 60-day comment period to obtain the full three-year clearance for the collection. The revision is necessary to implement the final rules promulgated in the 2015 Fourth Report and Order, FCC 15–155 (Fourth Report and Order), which expanded the scope of the rules due to a shift from Commercial Mobile Radio Services (CMRS) to digital mobile service. We estimate that there will be a small increase in the number of respondents/responses, total annual burden hours, and total annual cost from the previously approved estimates.

The collection is necessary to implement certain disclosure requirements that are part of the Commission’s wireless hearing aid compatibility rule. In a Report and Order in WT Docket No. 01–309, FCC 03–168, adopted and released in September 2003, implementing a mandate under the Hearing Aid Compatibility Act of 1988, the Commission required digital wireless phone manufacturers and service providers to make certain digital wireless phones capable of effective use with hearing aids, label certain phones they sold with information about their compatibility with hearing aids, and report to the Commission (at first every six months, then on an annual basis) on the numbers and types of hearing aid-compatible phones they were producing or offering to the public. These reporting requirements were subsequently amended on several occasions, and the existing OMB-approved collection under this OMB control number includes these modifications.

On November 19, 2015, the Commission adopted final rules in a Fourth Report and Order, FCC 15–155 (Fourth Report and Order), that, among other changes, expanded the scope of the Commission’s hearing aid compatibility provisions to cover handsets used with any digital terrestrial mobile service that enables two-way real-time voice communications among members of the public or a substantial portion of the public, including through the use of pre-installed software applications. Prior to 2018, the hearing aid compatibility provisions were limited only to handsets used with two-way switched voice or data services classified as Commercial Mobile Radio Service, and only to the extent they were provided over networks meeting certain architectural requirements that enable frequency reuse and seamless handoff. As a result of the Fourth Report and Order, beginning January 1, 2018, all device manufacturers and Tier I carriers that offer handsets falling under the expanded scope of covered handsets are required to comply with the Commission’s hearing aid compatibility provisions, including annual reporting requirements on FCC Form 655. For other service providers that are not Tier I carriers, the expanded scope of the Commission’s hearing aid compatibility provisions applies beginning April 1, 2018.

Following release of the Fourth Report and Order, the Commission is required to amend the FCC Form 655 to reflect the newly expanded scope of handsets covered by the hearing aid compatibility provisions, as well as to capture information regarding existing disclosure requirements clarified by the Commission in the Fourth Report and Order. As a consequence of the Fourth Report and Order, FCC Form 655 filing and other requirements will apply to those newly-covered handsets offered by device manufacturers and service providers that have already been reporting annually on their compliance with the Commission’s hearing aid compatibility provisions, as well as to any device manufacturers and service providers that were previously exempt because they did not offer any covered handsets or services prior to 2018.

As a result, the Commission is requesting a revision of this collection in order to implement the final rules promulgated in the Fourth Report and Order, which expanded the scope of the rules due to a shift from Commercial Mobile Radio Services (CMRS) to digital mobile service. We estimate that the expanded scope will increase the potential number of respondents subject...
to this collection and correspondingly increase the responses and burden hours. The minor language changes to the instructions to FCC Form 655 and to the form itself clarifying this expanded scope will help the Commission compile data and monitor compliance with the current version of the hearing aid compatibility rules while making more complete and accessible information available to consumers.

Federal Communications Commission.
