#### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

#### PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1; 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

- 2. Add § 165.T08–0015 to read as follows:

#### § 165.T08–0015 Safety Zone; Black Warrior River, Tuscaloosa, AL.

(a) *Location.* The following area is a proposed safety zone: All navigable waters of the Black Warrior River, extending the entire width of the river, between mile marker (MM) 335.0 and MM 337.5 in Tuscaloosa, AL.

(b) *Enforcement period.* This section is effective from 10 a.m. on April 12, 2018 through 5 p.m. on April 15, 2018.

#### (c) Regulations.

(1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting through, or exiting from this area is prohibited unless authorized by the Captain of the Port Sector Mobile (COTP) or a designated representative. A designated representative may be a Patrol Commander (PATCOM). The PATCOM will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The PATCOM may be contacted on Channel 16 VHF–FM (156.8 MHz) by the call sign “PATCOM”.

(2) All persons and vessels not registered with the event sponsor as participants or official patrol vessels are considered spectators. The “official patrol vessels” consist of any Coast Guard, state, or local law enforcement and sponsor provided vessels assigned or approved by the COTP to patrol the regulated area.

(3) Spectator vessels desiring to transit the regulated area may do so only with prior approval of the PATCOM and when so directed by that officer will be operated at a minimum safe navigation speed in a manner that will not endanger participants in the zone or any other vessels.

(4) No spectator vessel shall anchor, block, loiter, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times, unless cleared for entry by or through an official patrol vessel.

(5) Any spectator vessel may anchor outside the regulated area, but may not anchor in, block, or loiter in a navigable channel. Spectator vessels may be moored to a waterfront facility within the regulated area in such a way that they shall not interfere with the progress of the event. Such mooring must be complete at least 30 minutes prior to the establishment of the regulated area and remain moored through the duration of the event.

(6) The Patrol Commander may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(7) The Patrol Commander may terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property.

(8) The Patrol Commander will terminate enforcement of the safety zone at the conclusion of the event.

(9) Entry into this zone is prohibited unless authorized by the Captain of the Port Sector Mobile (COTP) or a designated representative.

(10) Persons or vessels seeking to enter into or transit through the zone must request permission from the COTP or a designated representative. They may be contacted on VHF–FM channels 16 or by telephone at 251–441–5976.

(11) If permission is granted, all persons and vessels must comply with the instructions of the COTP or designated representative.

(d) *Informational broadcasts.* The COTP or a designated representative will inform the public through Broadcast Notices to Mariners of the enforcement period for the temporary safety zone as well as any changes in the planned schedule.

Dated: February 2, 2018.

**M.R. McLellan,**

*Captain, U.S. Coast Guard, Captain of the Port Sector Mobile.*

#### ENVIRONMENTAL PROTECTION AGENCY

#### 40 CFR Part 63

[EPA–R01–OAR–2017–0343; A–1–FRL–9974–77–Region 1]

#### Approval of Section 112(l) Authority for Hazardous Air Pollutants; Perchloroethylene Air Emission Standards for Dry Cleaning Facilities; State of Vermont

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to grant the Vermont Department of Environmental Conservation (VT DEC) the authority to implement and enforce, with respect to area sources only, the Vermont Perchloroethylene Dry Cleaning Rule in place of the National Emissions Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities (Dry Cleaning NESHAP). Pursuant to the Clean Air Act (CAA), the VT DEC submitted a request for approval to implement and enforce Vermont's Perchloroethylene Dry Cleaning Rule of the Vermont Air Pollution Control Regulations as a partial substitution for the National Emissions Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities (Dry Cleaning NESHAP), as it applies to area sources. EPA has reviewed this request and is proposing to determine that the Vermont Perchloroethylene Dry Cleaning Rule satisfies the requirements necessary for partial rule substitution. Thus, EPA is hereby proposing to grant VT DEC's request. This action would not affect the authority of any party to implement and enforce the Dry Cleaning NESHAP with respect to major source dry cleaners. This approval would make the Vermont Perchloroethylene Dry Cleaning Rule federally enforceable in Vermont.

**DATES:** Written comments must be received on or before April 4, 2018.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–R01–OAR–2017–0343 at <http://www.regulations.gov>, or via email to [lancey.susan@epa.gov](mailto:lancey.susan@epa.gov). For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any

information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www.epa.gov/dockets/commenting-epa-dockets>.

**FOR FURTHER INFORMATION CONTACT:** Susan Lancey, Air Permits, Toxics, and Indoor Programs Unit, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square—Suite 100, (Mail code OEP05-2), Boston, MA 02109-3912, telephone number 617-918-1656, [lancey.susan@epa.gov](mailto:lancey.susan@epa.gov).

**SUPPLEMENTARY INFORMATION:** In the Final Rules Section of this **Federal Register**, EPA is approving the Vermont Perchloroethylene Dry Cleaning Rule in place of the Dry Cleaning NESHP for area sources as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

For additional information, see the direct final rule which is located in the Rules Section of this **Federal Register**.

Dated: February 26, 2018.

**Alexandra Dapolito Dunn**,  
Regional Administrator, EPA New England.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 635

RIN 0648-XF947

#### Atlantic Highly Migratory Species; Shortfin Mako Shark Management Measures

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS); request for comments.

**SUMMARY:** NMFS announces the availability of an Issues and Options document and its intent to prepare an EIS under the National Environmental Policy Act (NEPA) analyzing impacts of potential new management measures for shortfin mako sharks. Such measures would be implemented through rulemaking to address overfishing and to implement, as necessary and appropriate, measures adopted by the International Commission for the Conservation of Atlantic Tunas (ICCAT) (ICCAT Recommendation 17-08) in response to the 2017 shortfin mako shark stock assessment. Based on that assessment, NMFS determined that North Atlantic shortfin mako sharks were overfished and experiencing overfishing in December 2017. Management alternatives considered would be to meet NMFS's obligations related to ending overfishing and establishing a foundation for rebuilding the shortfin mako shark stock consistent with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) and the Atlantic Tunas Convention Act (ATCA). Scoping is underway for this action, and NMFS requests comments on a preliminary Issues and Options document that presents range of commercial and recreational management measures, in both directed and incidental fisheries, including, but not limited to, commercial and recreational retention limits, quota levels, minimum size limits, gear modifications, and electronic reporting. **DATES:** Four scoping meetings and a conference call will be held from March through May 2018. See **SUPPLEMENTARY INFORMATION** for meeting and call dates and locations. Scoping comments must be received no later than 5 p.m., local time, on May 7, 2018.

**ADDRESSES:** You may submit comments on the Issues and Options document,

identified by NOAA-NMFS-2018-0011, by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to [www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2018-0011](http://www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2018-0011), click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.
- **Mail:** Submit written comments to Randy Blankinship, NMFS/SF1, 1315 East-West Highway, National Marine Fisheries Service, SSMC3, Silver Spring, MD 20910.

**Instructions:** Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and generally will be posted for public viewing on [www.regulations.gov](http://www.regulations.gov) without change. All personal identifying information (*e.g.*, name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

Copies of the 2018 shortfin mako shark Issues and Options document and supporting documents are available from the HMS Management Division website at <https://www.fisheries.noaa.gov/topic/atlantic-highly-migratory-species> or constituents can contact Guý DuBeck by phone at 301-427-8503 for hard copies. Copies of the 2017 ICCAT Standing Committee on Research and Statistics (SCRS) shortfin mako shark benchmark stock assessment can be found online at [http://iccat.int/Documents/Meetings/Docs/2017\\_SCRS\\_REP\\_ENG.pdf](http://iccat.int/Documents/Meetings/Docs/2017_SCRS_REP_ENG.pdf).

**FOR FURTHER INFORMATION CONTACT:** Guý DuBeck or Karyl Brewster-Geisz at 301-427-8503.

#### SUPPLEMENTARY INFORMATION:

##### Background

NMFS manages the Atlantic shark fisheries through the 2006 Consolidated Atlantic HMS Fishery Management Plan and its amendments as required under the Magnuson-Stevens Act. ICCAT manages sharks caught in association with ICCAT species (tuna and tuna-like species) throughout the Atlantic and the adjacent seas, and NMFS implements ICCAT measures as necessary and appropriate under ATCA.

The North Atlantic shortfin mako shark (*Isurus oxyrinchus*) is a highly migratory species that ranges across the entire North Atlantic Ocean and is
