BILLING CODE 4510–FW–P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review and Approval; Comment Request; Youth CareerConnect (YCC) Grant Program, Extension of Previously Approved Collection

AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents are properly assessed.

Currently, DOL is soliciting comments concerning the continued collection of data about Youth Career Connect (YCC) [SGA/DFA PY–13–01] grant program. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee’s section below on or before May 7, 2018.

ADDRESSES: You may submit comments by either one of the following methods:

Email: ChiefEvaluationOffice@dol.gov; *Mail or Courier:* Jessica Lohmann, Chief Evaluation Office, OASP, U.S. Department of Labor, Room S–2312, 200 Constitution Avenue NW., Washington, DC 20210.

Instructions: Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

FOR FURTHER INFORMATION CONTACT: Jessica Lohmann by email at ChiefEvaluationOffice@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background: The information collection activities described in this notice will provide participant and grantee data on the YCC program. In spring 2014, the Employment and Training Administration (ETA) in DOL awarded 24 grantees to implement the YCC program, which is designed to provide high school students skill-developing and work-based learning opportunities through partnerships with colleges and employers for jobs in high-demand occupations. DOL requests data collection from YCC grantees for tracking grant progress and oversight of program performance reporting. This reporting structure features standardized individual data collection on program participants in both quarterly performance and narrative formats. The information collection for YCC grantee performance reporting also

includes an online Participant Tracking System (PTS) that collects participant-level data.

This document requests approval for an extension of previously approved information collection (OMB Control No. 1291–0002) to continue to meet the reporting and recordkeeping requirements of the YCC grant program. This information collection maintains a reporting and record-keeping system for a minimum level of information collection that is necessary to comply with Equal Opportunity requirements, to hold YCC grantees appropriately accountable for the Federal funds they receive, allowing the Department to fulfill its oversight and management responsibilities.

II. Desired Focus of Comments:

Currently, DOL is soliciting comments concerning the above data collection for grantee reporting on the YCC program. DOL is particularly interested in comments that do the following:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology—for example, permitting electronic submission of responses.

III. Current Actions: At this time, DOL is requesting clearance for grantee reporting on participant-level data and quarterly reports.

Type of Review: Extension of previously approved collection.

OMB Control Number: 1291–0002 (ICR Reference No: 201412–1291–001).

Affected Public: YCC Grantees and program participants.

SUPPLEMENTARY INFORMATION:

I. Background

The Chief Evaluation Office (CEO), in collaboration with the Employment and Training Administration (ETA), is conducting a 36-month analysis of employer services measurement approaches and metrics, as well as their cross-state and cross-program applicability, with a goal of understanding and implementing a final indicator of performance. Under the Workforce Innovation and Opportunity Act (WIOA), the Secretaries of Labor and Education are required to establish one or more primary indicators of performance that indicate the effectiveness of core programs in serving employers. Through town halls, workgroups, and questions posed through the notice of proposed rule-making, the Secretaries of Labor and Education established three measures to be piloted by States: (1) An employee retention measure, (2) an employer penetration rate, and (3) a repeat business measure. States were also encouraged to pilot additional measures to assess effectiveness in serving employers. No clear metric has emerged to date as a single point of measurement

of success in providing services to employers.

The study will explore and establish an understanding of the state of the field in the area of employer services measurement and supplement the start-up of reporting by the States on the National Pilot measures. Key objectives of the study include: (1) Developing and understanding how employer services are defined by the federal government, States, localities, and core WIOA programs and exploring options for developing a uniform definition of employer services; (2) identifying what measures exist for understanding employer services, key objectives of these measures, and possibilities for uniform implementation at the federal level; and (3) developing options for an evaluation design to assess the validity, reliability, and feasibility of proposed measures and alternative measures of effectiveness in serving employers.

This notification requests clearance for: (1) A 45-minute online survey of state WIOA administrators in the fifty States, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands; (2) a 20-minute online survey of a sample of employers identified in partnership with the National Association of State Workforce Agencies (NASWA); (3) site visits that include structured interviews and focus groups to approximately 8 States; and (4) interviews with approximately 8 employers.

The survey of state WIOA administrators will collect information on which measures are being used by States, including National Pilot measures and alternate measures, progress made in implementing those measures, and how those measures are being used beyond required federal reporting.

The survey of a sample of employers will document businesses' understanding of employer services from the workforce system and what it means for those services to be effective. The sample of employers will be drawn from DirectEmployers members, NASWA Business of the Year Award Winners, and others recommended by NASWA.
