

information under the provisions of the Paperwork Act (44 U.S.C. Chapter 35).

Title, Form Number, and OMB Number: Technical Assistance for Public Participation (TAPP) Application; DD Form 2749; OMB Number 0704-0392.

Type of Request: Extension.

Number of Respondents: 265.

Responses per Respondent: 1.

Annual Responses: 265.

Average Burden per Response: 4 hours.

Annual Burden Hours: 1,060.

Needs and Uses: The collection of information is necessary to identify products or services requested by community members of restoration advisory boards or technical review committees to aid in their participation in the Department of Defense's environmental restoration program, and to meet Congressional reporting requirements. Respondents are community members of restoration advisory boards or technical review committees requesting technical assistance to interpret scientific and engineering issues regarding the nature of environmental hazards at an installation. This assistance will aid communities in participating in the cleanup process. The information, directed by 10 U.S.C. 2705, will be used

to determine the eligibility of the proposed project, begin the procurement process to obtain the requested products or services, and determine the satisfaction of community members of restoration advisory boards and technical review committees receiving the products and services.

Affected Public: Not-For-Profit Institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Mr. Edward C. Springer.

Written comments and recommendations on the proposed information collection should be sent to Mr. Springer at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

DOD Clearance Officer: Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: November 22, 1999.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Transmittal No. 00-12**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act**

- (i) **Prospective Purchaser: Israel**
- (ii) **Total Estimated Value:**

Major Defense Equipment*	\$ 19 million
Other	\$ <u>26 million</u>
TOTAL	\$ 45 million
- (iii) **Description of Articles or Services Offered: Seven hundred Joint Direct Attack Munitions (JDAM) tail kits, MK-84 inert bombs, testing, spare and repair parts, support equipment, contractor engineering and technical support, and other related elements of program support.**
- (iv) **Military Department: Air Force (YEQ)**
- (v) **Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: none**
- (vi) **Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Annex attached**
- (vii) **Date Report Delivered to Congress: 12 November 1999**

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION**Israel - Joint Direct Attack Munitions**

The Government of Israel has requested a possible sale of 700 Joint Direct Attack Munitions (JDAM) tail kits, MK-84 inert bombs, testing, spare and repair parts, support equipment, contractor engineering and technical support, and other related elements of program support. The estimated cost is \$45 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale will contribute significantly to U.S. strategic and tactical objectives. Israel will maintain its qualitative edge with a balance of new weapons procurement and upgrades supporting its existing systems. Israel will have no difficulty absorbing these JDAMs into its armed forces.

The proposed sale of this equipment and support will not affect the basic military balance in the region.

The prime contractor will be Boeing Company of St. Louis Missouri. There are no offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government representatives or contractor representatives to Israel.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 00-12**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act****Annex
Item No. vi****(vi) Sensitivity of Technology:**

1. The Joint Direct Attack Munitions is actually a guidance kit that converts existing unguided free-fall bombs into precision-guided "smart" munitions. By adding a new tail section containing an Inertial Navigation System (INS) guidance/Global Positioning System (GPS) guidance to existing inventories of MK-84 bombs, the cost effective JDAM provides highly accurate weapon delivery in any "flyable" weather. The INS, using updates from the GPS, helps guide the bomb to the target via the use of movable tail fins.

2. Weapon accuracy is dependent on target coordinates and present position as entered into the guidance control unit. After weapon release, movable tail fins guide the weapon to the target coordinates. In addition to the tail kit, other elements in the overall system that are essential for successful employment include:

**Access to accurate target coordinates.
INS/GPS capability
Operational Test and Evaluation Plan.**

3. A determination has been made that Israel can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This proposed sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
