SUPPLEMENTARY INFORMATION: In 2004, as part of the outreach efforts on courthouse accessibility, the Access Board established a Federal advisory committee to advise the Access Board on issues related to the accessibility of courthouses, particularly courtrooms, including best practices, design solutions, promotion of accessible features, educational opportunities, and the gathering of information on existing barriers, practices, recommendations, and guidelines. On October 12, 2004, the Access Board published a notice appointing 31 members to the Courthouse Access Advisory Committee. 69 FR 60608 (October 12, 2004). Members of the Committee include designers and architects, disability groups, members of the judiciary, court administrators, representatives of the codes community and standard-setting entities, government agencies, and others with an interest in the issues to be explored. The Committee held its initial meeting on November 4 and 5, 2004. Members discussed the current requirements for accessibility, committee goals and objectives and the establishment of subcommittees. The second meeting of the Committee was held in February, 2005. The Committee toured two courthouses and established three subcommittees: Education, Courtrooms and Courthouses (areas unique to courthouses other than courtrooms). The third meeting of the Committee was held in May, 2005. Members of the Committee toured a courthouse and continued work in the three subcommittees. Minutes of the meetings may be found on the Access Board's Web site at *http://www.access-board.gov/caac/index.htm.* At the August meeting of the Committee, members will continue to address issues both as a full Committee and in subcommittees.

Committee meetings are open to the public and interested persons can attend the meetings and communicate their views. Members of the public will have an opportunity to address the Committee on issues of interest to them and the Committee during public comment periods scheduled on each day of the meeting. Members of groups or individuals who are not members of the Committee are invited to participate on the subcommittees. The Access Board believes that participation of this kind can be very valuable for the advisory committee process.

The meeting will be held at a site accessible to individuals with disabilities. Real-time captioning will be provided. Individuals who require sign language interpreters should contact Elizabeth Stewart by July 21, 2005. Notices of future meetings will be published in the **Federal Register**.
