Commodity Branch in FAS' Cooperator Programs Division. The Commodity Branch will review each application against the criteria listed in section 1485.14 of the MAP regulations. The purpose of this review is to identify meritorious proposals and to recommend an appropriate funding level for each application based upon these criteria.

(2) Phase 2—Competitive Review:

Meritorious applications then will be passed on to the Office of the Deputy Administrator, Office of Trade Programs, for the purpose of allocating available funds among the applicants. Applicants will compete for funds on the basis of the following allocation criteria (the number in parentheses represents a percentage weight factor):

(a) Applicant's Contribution Level (40)

- The applicant's 4-year average share (2008–2011) of all contributions (cash and goods and services provided by U.S. entities in support of overseas marketing and promotion activities) compared to;
- The applicant's 4-year average share (2008–2011) of the funding level for all MAP participants.

(b) Past Performance (30)

- The 3-year average share (2007–2009) of the value of exports promoted by the applicant compared to;
- The applicant's 2-year average share (2009–2010) of the funding level for all MAP applicants plus, for those groups participating in the Cooperator program, the 2-year average share (2009–2010) of Cooperator marketing plan budgets.

(c) Projected Export Goals (15)

- The total dollar value of projected exports promoted by the applicant for 2011 compared to;
- The applicant's requested funding level;

(d) Accuracy of Past Projections (15)

- Actual exports for 2009 as reported in the 2011 MAP application compared to;
- Past projections of exports for 2009 as specified in the 2009 MAP application.

The Commodity Branches' recommended funding levels for each applicant are converted to percentages of the total MAP funds available and then multiplied by each weight factor as described above to determine the amount of funds allocated to each applicant.

2. Anticipated Announcement Date: Announcements of funding decisions for the MAP are anticipated during October 2010.

VI. Award Administration Information

1. Award Notices: The FAS will notify each applicant in writing of the final disposition of its application. The FAS will send an approval letter and program agreement to each approved applicant. The approval letter and program agreement will specify the terms and conditions applicable to the project, including the levels of MAP funding and cost-share contribution requirements.

2. Administrative and National Policy Requirements: Interested parties should review the MAP regulations, which are available at the following URL address: *http://www.fas.usda.gov/mos/programs/map.asp.* Hard copies may be obtained by contacting the Program Operations Division.

3. Reporting: The FAS requires various reports and evaluations from MAP participants. Reporting requirements are detailed in the MAP regulations in section 1485.20(b) and (c).

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Pacific Coast Groundfish Rationalization Social Study.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission.

Number of Respondents: 1,125.

Average Hours per Response: Surveys, 1 hour; unstructured interviews, 30 minutes; meetings, 1 hour.

Burden Hours: 1,104.

Needs and Uses: Historically, changes in fisheries management regulations have been shown to result in impacts to individuals within the fishery. An understanding of social impacts in fisheries—achieved through the collection of data on fishing communities, as well as on individuals who fish—is a requirement under several federal laws, such as described in the National Environmental Protection Act and the Magnuson Stevens Fishery Conservation Act (as amended 2007). The collection of this data not only helps to inform legal requirements for the existing management actions, but will inform future management actions requiring equivalent information.

Fisheries rationalization programs have an impact on those individuals participating in the affected fishery. The Pacific Fisheries Management Council is on track to implement a new rationalization program for the Pacific Coast Groundfish limited entry trawl fishery in January 2011. This research aims to study the individuals in the affected fishery both prior to and after the implementation of the rationalization program. The data collected will provide a baseline description of the industry as well as allow for analysis of changes the rationalization program may create for individuals in the fishery. The measurement of these changes will lead to a greater understanding of the social impacts the management measure may have on the individuals in the fishery. To achieve these goals it is critical to collect the necessary data prior to the implementation of the rationalization program for comparison to data collected after the management program has been implemented. This study will be inclusive of both a Phase 1 pre-implementation data collection effort, as well as a Phase 2, post-implementation data collection effort to achieve the stated objectives.

Affected Public: Business or other for-profit; individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at *dHynek@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395–7285, or *David_Rostker@omb.eop.gov.*

Dated: May 6, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.
