Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639–5960 or send an e-mail to *omb@cdc.gov.* Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395–5806. Written comments should be received within 30 days of this notice.

Proposed Project

Exploring HIV Prevention Communication Among Black Men Who Have Sex With Men in New York City: Project BROTHA—New. National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC is requesting OMB approval to administer a survey, conduct interviews and offer HIV rapid testing in black men who have sex with men (BMSM) and other men who have sex with men (MSM) in New York City. The purpose of the proposed study is to assess how interpersonal communication within BMSM social networks may be related to risk for HIV infection and attitudes towards HIV testing.

After screening for eligibility, a total of 300 BMSM and other MSM in their social networks will be enrolled in 2 phases: (1) 350 BMSM will be recruited and screened to find 100 eligible BMSM participants, and (2) the 100 first phase participants will then recruit 200 other MSM within their social networks to participate in the second phase. Quantitative surveys will be administered by computers and personal interviews will be conducted to collect qualitative data (at baseline and 3-month follow-up). Participants in both phases will be offered rapid HIV testing, and declining an HIV test will not negatively impact their study participation. The research questions being explored are relevant for understanding how interpersonal communication with members of one's social networks are related to risk for contracting HIV infection and attitudes towards HIV testing.

This study will provide important epidemiologic information useful for the development of HIV prevention interventions for BMSM. Men will complete a 5-minute eligibility screening interview. The baseline computer-based survey will take 45 minutes. The qualitative interview will take approximately 75 minutes. The number of respondents who will accept HIV testing is estimated to be 200 (accounting for those who did not test at baseline and those who do not consent to test at follow-up). HIV counseling and rapid testing will take 45 minutes. The 3-month follow-up survey will take approximately 30 minutes; the follow-up qualitative interview will take approximately 45 minutes. There is no cost to the respondents other than their time. The estimated annualized burden hours are 1338.

ESTIMATE OF ANNUALIZED BURDEN HOURS

Respondents	Types of data collection	Number of respondents	Number of responses per respondent	Burden per response (in hours)
BMSM/MSM volunteers	Screening	750	1	5/60
	A–CASI Baseline	300	1	45/60
	Interview Baseline	300	1	1.25
	HIV Testing & Counseling Baseline	200	1	45/60
	A–CASI 3 month Follow-up	300	1	30/60
	Interview 3 month Follow-up	300	1	45/60
	HIV Testing & Counseling 3 month Follow-up	200	1	45/60

Dated: July 21, 2010.

Submission for OMB Review; Comment Request

Title: ADP & Services Conditions for FFP for ACF.

OMB No.: 0992–0005.

Description: The Advance Planning Document (APD) process, established in the rules at 45 CFR Part 95, Subpart F, is the procedure by which States request and obtain approval for Federal financial participation in their cost of acquiring Automatic Data Processing (ADP) equipment and services. State agencies that submit APD requests provide the Department of Health and Human Services (HHS) with the following information necessary to determine the States' needs to acquire the requested ADP equipment and/or services:

(1) A statement of need;

(2) A requirements analysis and feasibility study;

(3) A cost benefit analysis;

(4) A proposed activity schedule; and,

(5) A proposed budget.

HHS' determination of a State Agency's need to acquire requested ADP equipment or services is authorized at sections 402(a)(5), 452(a)(1), 1902(a)(4) and 1102 of the Social Security Act.

Respondents: States.
