DEPARTMENT OF DEFENSE

Department of the Air Force

[Docket ID: USAF–2010–0024]

Proposed Collection; Comment Request

AGENCY: Department of the Air Force, DoD.

ACTION: Notice.

SUMMARY: In compliance with Section 3502(c)(2)(A) of the *Paperwork Reduction Act of 1995,* the Associate Director for Civil Aviation, Directorate of Operations and Training, Deputy Chief of Staff for Air and Space Operations, announces the proposed extension of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) The accuracy of the agency's estimate of the burden of the proposed information collection; (b) ways to enhance the quality, utility, and clarity of the information to be collected; and (c) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by November 29, 2010.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

Mail: Federal Docket Management System Office, 1160 Defense Pentagon, Room 3C843, Washington, DC 20301–1160.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at *http://www.regulations.gov* as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the HQ USAF/XOO–CA, 1480 Air Force Pentagon, Washington, DC 20330–1480, or call (703) 697–1796.

Title, Associated Form, and OMB Number: Civil Aircraft Certificate of Insurance, DD Form 2400; Civil Aircraft Landing Permit, DD Form 2401; Civil Aircraft Hold Harmless Agreement, DD Form 2402; OMB Control Number 0701–0050.

Needs and Uses: The collection of information is necessary to ensure that the security and operational integrity of military airfields are maintained; to identify the aircraft operator and the aircraft to be operated; to avoid competition with the private sector by establishing the purpose for use of military airfields; and to ensure the U.S. Government is not held liable if the civil aircraft becomes involved in an accident or incident while using military airfields, facilities, and services.

Affected Public: Individuals or households; business or other for-profit; not-for-profit institutions.

Annual Burden Hours: 1,800.

Number of Respondents: 3,600.

Responses per Respondent: 1.

Average Burden for Respondents: 30 minutes.

Frequency: Annually.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The collection of information is necessary to ensure that the security and operational integrity of military airfields are maintained; to identify the aircraft operator and the aircraft to be operated; to avoid competition with the private sector by establishing the purpose for use of military airfields; and to ensure the U.S. Government is not held liable if the civil aircraft becomes involved in an accident or incident while using military airfields, facilities, and services.

Dated: September 17, 2010.

Patricia L. Toppings,

OSD Federal Register Liaison Officer, Department of Defense.

[Docket No. USN–2010–0023]

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by November 1, 2010.

Title and OMB Number: Mental Health Issues among Separating Marines; OMB Number 0703–0056.

Type of Request: Extension.

Number of Respondents: 1,850.

Responses per Respondent: 1.

Annual Responses: 1,850.

Average Burden per Response: 1 hour.

Annual Burden Hours: 1,850 hours.

Needs and Uses: Tens of thousands of Marines transition from the military to civilian life each year, the majority of whom have been exposed to deployment stressors that have put them at high risk for stress-related disorders. This longitudinal study builds on a 2008 pilot study assessing the prevalence of mental health outcomes among Sailors and Marines transitioning from the Service, and identifying predictors of and changes in mental health and resilience over time. For the baseline component of the current study, a paper-and-pencil questionnaire was administered to approximately 2,700 active-duty Marines in the Transition Assistance Program (TAP) during routine mandatory separation counseling via group administration at 6 selected installations worldwide. Based on the estimated number of attendees per TAP class and the number of classes conducted during the 4-month data collection period (January–April 2010), we estimate that approximately 4,900 Marines were eligible for inclusion into the study, giving us an approximate 55 percent response rate. The baseline survey included selected items from the post-deployment health reassessment (PDHRA), along with additional questions on risk factors for poor civilian readjustment, and other biographical and psychological content. DoD regulations stipulate that all military personnel must receive pre-separation counseling no less than 90 days before leaving active duty.

NHRC proposes tracking over time the mental well-being of eligible baseline respondents for the longitudinal portion of the study through a follow-on survey 3 to 6 months after separation from military service, after they have completed the transition from military to civilian life. Data from extant historical personnel and medical files will also be combined with survey data to develop models that demonstrate the influence of combat, and a variety of covariates, on mental health symptoms, resilience, and substance abuse. We estimate that approximately 1,850 of the 2,700 baseline participants will be eligible for and consent to participate in the follow-up survey. In order to facilitate locating these respondents, the baseline questionnaire requested participants provide name, relocation
