Mahoning Creek Hydroelectric Company, LLC; Notice of Availability of Supplemental Environmental Assessment

October 20, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47879), the Office of Energy Projects has reviewed the application for an original license for the Mahoning Creek Hydroelectric Project, to be located on Mahoning Creek in Armstrong County, Pennsylvania, and has prepared an Environmental Assessment (EA) to supplement the EA issued on March 23, 2010. In this supplemental EA, Commission staff analyze the potential environmental effects of licensing the project and conclude that issuing a license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.
