regard to evacuation, previous evacuation experiences, and preferences on how to evacuate during a fire emergency. At the end of the questionnaire, they will be invited to participate in a one-on-one interview to discuss these issues in more detail.

(c) Occupants with mobility impairments identified in part (b) will participate in a one-on-one interview requesting more detailed information on previous evacuation experiences, awareness of emergency procedures, and views and preferences on using an elevator to evacuate during a fire emergency.

(d) Professionals involved with emergency planning (e.g., GSA, USDA, DHS, building emergency managers, researchers) and building occupants with mobility impairments will be invited to participate in one of two focus groups. A preliminary analysis of the data resulting from parts (a) through (c) will be summarized in the form of two sets of potential plans for the use of elevators during fire evacuation by occupants with mobility impairments: one for existing buildings and one for new buildings. Members of the focus groups will review both of these potential plans. They will then participate in a discussion that will lead to guidance for designers and building managers on aspects of fire evacuation that concern occupants with mobility impairments and on how to improve elevator design and usage during fire emergencies. The order of the discussion of plans for existing and new buildings will be switched for the two focus groups to ensure that each plan receives the same amount of attention overall.

Affected Public: Collections (a) and (d): Selected individuals, such as building managers and designated safety personnel, who are familiar with or in charge of developing emergency procedures for multi-story buildings in the United States, including both federal and private sector buildings;

Collections (b) and (c): Selected high-rise building occupants with mobility impairments.

Frequency: One time.

Respondent's Obligation: Voluntary.

Foreign-Trade Zones Board

[B–50–2013]

Foreign-Trade Zone 146—Lawrence County, Illinois; Application for Reorganization and Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Bi-State Authority, grantee of FTZ 146, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or ''usage-driven'' FTZ sites for operators/users located within a grantee's ''service area'' in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on May 20, 2013.

FTZ 146 was approved by the FTZ Board on February 11, 1988 (Board Order 371, 53 FR 5436, 2/24/1988) and expanded on April 18, 2000 (Board Order 1085, 65 FR 24675, 4/27/2000).

The current zone includes the following sites: *Site 1* (43 acres)—Mid-America Air Center, Route 50, Lawrenceville, Lawrence County; and, *Site 2* (62 acres)—Effingham Industrial Park, Effingham, Effingham County.

The grantee's proposed service area under the ASF would be Clay, Crawford, Edwards, Hamilton, Lawrence, Richland and Wayne Counties, Illinois, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Evansville Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include both of the existing sites as ''magnet'' sites. The applicant is also requesting approval of the following ''usage-driven'' site: *Proposed Site 3* (11.5 acres)—Hella Electronics Corporation, 1101 Vincennes Avenue, Flora, Clay County. The application would have no impact on FTZ 146's previously authorized subzones.

In accordance with the FTZ Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is July 29, 2013. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 13, 2013.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the ''Reading Room'' section of the FTZ Board's Web site, which is accessible via *www.trade.gov/ftz.* For further information, contact Elizabeth Whiteman at *Elizabeth.Whiteman@trade.gov* or (202) 482–0473.
