Data Collection Component

SAMHSA/CSAP will use a web-based method to collect data through the Organizer Survey and a paper-and-pencil approach to collect data through the Participant Form. The web-based application will comply with the requirements of Section 508 of the

Rehabilitation Act to permit accessibility to people with disabilities.

Every 2 years, the Organizer Survey will be completed by an estimated 3,400 THM event organizers and will require only one response per respondent. It will take an average of 20 minutes (0.333 hours) to review the instructions and complete the survey. This burden estimate is based on comments from three 2012 THM organizers who reviewed the survey and provided comments on how long it would take them to complete it.

The Participant Form will be completed by an average of 30 participants per sampled community-based organization (n=400) and will require only one response per respondent. It will take an average of 5 minutes (0.083 hours) to review the instructions and complete the form.

ESTIMATED ANNUALIZED BURDEN TABLE

SAMHSA supports nationwide THMs every other year. Collecting data on each round of THMs, and using this information to inform policy and measure impact, supports SAMHSA's strategic initiative number 1: Prevention of substance abuse and mental illness. A specific goal under this initiative is to prevent or reduce the consequences of underage drinking and adult problem drinking; a specific objective is to establish the prevention of underage drinking as a priority issue for states, territories, tribal entities, colleges and universities, and communities.

SAMHSA will use the information collected to document the implementation efforts of this nationwide initiative, determine if the federally sponsored THMs lead to additional activities within the community that are aimed at preventing and reducing underage drinking, identify what these activities may possibly include, and help plan for future rounds of THMs. SAMHSA intends to post online a summary document of each round of THMs and present findings at national conferences attended by community-based organizations that have hosted THMs and might host future events. Similarly, SAMHSA plans to share findings with the Interagency Coordinating Committee on the *Prevention of Underage Drinking:* Agencies within this committee encourage their grantees to participate as event hosts. Additionally, the information collected will support performance measurement for SAMHSA programs under the Government Performance Results Act.

Written comments and recommendations concerning the proposed information collection should be sent by September 23, 2013 to the SAMHSA Desk Officer at the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, commenters are encouraged to submit their comments to OMB via email to: *OIRA_Submission@omb.eop.gov.* Although commenters are encouraged to send their comments via email, commenters may also fax their comments to: 202–395–7285. Commenters may also mail them to: Office of Management and Budget, Office of Information and Regulatory Affairs, New Executive Office Building, Room 10102, Washington, DC 20503.
