SUPPLEMENTARY INFORMATION:

Discussion

The authority for this notice is 5 U.S.C. 552(a), 46 U.S.C. 70110, and DHS Delegation No. 0170.1, para. II (97.f). As delegated, section 70110 authorizes the Coast Guard to impose conditions of

entry on vessels arriving in U.S. waters from ports that the Coast Guard has not found to maintain effective anti-terrorism measures.

In 2012,¹ the Coast Guard determined that all but three ports in the Republic of Yemen were not maintaining effective anti-terrorism measures, that Yemen presented significant risk of introducing instruments of terror into international maritime commerce, and that Yemen possessed significant deficiencies in its legal regime, designated authority oversight, access control, and cargo control. Therefore, the Coast Guard announced the imposition of conditions of entry on vessels arriving from any Yemeni port except the Ash Shihr

Terminal, the Port of Hodeidah, or the Balhalf LNG Terminal.

The Coast Guard no longer finds that the Ash Shihr Terminal and the Port of Hodeidah are maintaining effective anti-terrorism measures. Therefore the Coast Guard is removing the exception for those ports. Vessels arriving from the Balhalf LNG Terminal will continue to be excepted from the conditions of entry outlined in this notice.

Beginning April 8, 2015, the conditions of entry shown in Table 1 will apply to any vessel that visited a non-excepted Yemeni port in its last five port calls.

TABLE 2—CONDITIONS OF ENTRY FOR VESSELS VISITING YEMENI PORTS

No.	Each vessel must:
1	Implement measures per the vessel's security plan equivalent to Security Level 2 while in a port in the Republic of Yemen. As defined in the ISPS Code and incorporated herein, "Security Level 2" refers to the "level for which appropriate additional protective security measures shall be maintained for a period of time as a result of heightened risk of a security incident."
2	Ensure that each access point to the vessel is guarded and that the guards have total visibility of the exterior (both landside and waterside) of the vessel while the vessel is in ports in Yemen.
3	Guards may be provided by the vessel's crew; however, additional crewmembers should be placed on the vessel if necessary to ensure that limits on maximum hours of work are not exceeded and/or minimum hours of rest are met, or provided by outside security forces approved by the vessel's master and Company Security Officer. As defined in the ISPS Code and incorporated herein, "Company Security Officer" refers to the "person designated by the Company for ensuring that a ship security assessment is carried out; that a ship security plan is developed, submitted for approval, and thereafter implemented and maintained and for liaison with port facility security officers and the ship security officer."
4	Attempt to execute a Declaration of Security while in a port in Yemen;
5	Log all security actions in the vessel's security records; and
6	Report actions taken to the cognizant Coast Guard Captain of the Port (COTP) prior to arrival into U.S. waters.
7	In addition, based on the findings of the Coast Guard boarding or examination, the vessel may be required to ensure that each access point to the vessel is guarded by armed, private security guards and that they have total visibility of the exterior (both landside and waterside) of the vessel while in U.S. ports. The number and position of the guards has to be acceptable to the cognizant COTP prior to the vessel's arrival.

The following countries currently do not maintain effective anti-terrorism measures and are therefore subject to conditions of entry: Cambodia, Cameroon, Comoros, Cote d'Ivoire, Cuba, Equatorial Guinea, Guinea-Bissau, Iran, Liberia, Madagascar, Nigeria, Sao Tome and Principe, Syria, Timor-Leste, Venezuela, and Yemen. This list is also available in a policy notice available at <https://homeport.uscg.mil> under the Maritime Security tab; International Port Security Program (ISPS Code); Port Security Advisory link.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Single Family Mortgage Insurance on Hawaiian Homelands.

OMB Approval Number: 2502-0358.

Type of Request: Extension.

Form Number: None.

Description of the need for the information and proposed use: FHA insures mortgages on single-family dwellings under provisions of the National Housing Act (12 U.S.C. 1709). The Housing and Urban Rural Recovery Act (HURRA), Public Law 98-181, amended the National Housing Act to add Section 247 (12 U.S.C. 1715z-12) to permit FHA to insure mortgages for properties located on Hawaiian Homelands. Under this program, the mortgagor must be a native Hawaiian. Section 247 requires that the Department of Hawaiian Homelands (DHHL) of the State of Hawaii (a) will be a co-mortgagor; (b) guarantees or reimburses the Secretary for any mortgage insurance claim paid in connection with a property on Hawaiian homelands; or (c) offers other security acceptable to the Secretary.

In accordance with 24 CFR 203.43i, the collection of information is verification that a loan applicant is a native Hawaiian and that the applicant holds a lease on land in a Hawaiian Homelands area. A borrower must obtain verification of eligibility from DHHL and submit it to the lender. A borrower cannot obtain a loan under these provisions without proof of status as a native Hawaiian. United States citizens living in Hawaii are not eligible for this leasehold program unless they are native Hawaiians. The eligibility document is required to obtain benefits.

In accordance with 24 CFR 203.439(c), lenders must report monthly to HUD and the DHHL on delinquent borrowers and provide documentation to HUD to support that the loss mitigation requirements of 24 CFR 203.604 have been met. To assist the DHHL in identifying delinquent loans, lenders report monthly. A delinquent mortgage that is reported timely would allow DHHL to intervene and prevent foreclosure.

Average Hours per Response: .26.
Total Estimated Burdens: 59.
