hearings around the region and at regularly scheduled Council meetings. Transcripts of these hearings are in the administrative record along with the written comments. As specified in Section 4(h)(5), the Council also held a number of consultations on the recommendations and draft amendments with representatives of state and federal fish and wildlife agencies, Indian tribes, federal hydrosystem agencies, and customers of the Bonneville Power Administration. Notes from these consultations are also in the administrative record. Relevant documents from the program amendment process, including the recommendations, draft program amendments and comments, may be found on the Council's Web site at *http://www.nwcouncil.org/fw/program/2014-03.*

Following this public review process required by the Northwest Power Act, and after deliberations in public over the course of several Council meetings, the Council adopted the final revised program in October 2014 at a regularly scheduled Council meeting in Pendleton, Oregon. The Council based its decisions on the recommendations, supporting documents, and views and information obtained through public comment and participation and consultation with the agencies, tribes, and customers. In the final step of this program amendment process, at its regularly scheduled March 2015 meeting in Eugene, Oregon, the Council adopted written findings as part of the program explaining its disposition of program amendment recommendations along with responses to comments received on the program amendment recommendations and on the draft amended program. The findings and responses have been made part of the program as Appendix S.
