

unreasonably burdensome because Market Makers can enter an out-of-range value so that the Exchange-provided risk protections will not be triggered. Reducing risk by utilizing the proposed risk protections will enable Market Makers to enter quotations with larger size, which in turn will benefit investors through increased liquidity for the execution of their orders. Such increased liquidity benefits investors because they receive better prices and because it lowers volatility in the options market.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act²⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.²⁹ The Exchange has requested that the Commission waive the thirty-day operative delay so that the proposal may become operative immediately. The Exchange states that waiving the thirty-day operative delay will enable Market Makers to enhance their risk controls and risk management processes without additional delay. The Commission believes that waiving the thirty day delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the thirty-day operative delay and designates the proposal effective upon filing.³⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75381; File No. SR-CBOE-2015-065]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Extend a Pilot Program that Eliminates Position and Exercise Limits for Physically-Settled SPDR S&P 500 ETF Trust ("SPY") Options

July 7, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 1, 2015, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

²⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

³⁰ For purposes of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Interpretation and Policy .07 to Rule 4.11 (Position Limits) to extend the duration of the SPY Pilot Program.³ The SPY Pilot Program is currently scheduled to expire on July 12, 2015 and this proposal would extend the SPY Pilot Program through July 12, 2016. There are no substantive changes being proposed to the SPY Pilot Program.

In proposing to extend the SPY Pilot Program, the Exchange reaffirms its consideration of several factors that supported its original proposal to establish the SPY Pilot Program, which include: (1) the liquidity of the option and the underlying security; (2) the market capitalization of the underlying security and the securities that make up the S&P 500 Index; (3) options reporting requirements; and (4) financial requirements imposed by CBOE and the Commission.

When the SPY Pilot Program was most recently renewed in January 2015, CBOE submitted a report providing an analysis of the SPY Pilot Program covering the first twelve months during which the SPY Pilot Program was in effect (the "Pilot Report"). In the January extension, the Exchange stated that if it were to submit a proposal to either extend the SPY Pilot Program, adopt the SPY Pilot Program on a permanent basis, or terminate the SPY Pilot Program, it would submit another Pilot Report covering the period since the previous extension.⁴ Accordingly, the Exchange is submitting another Pilot Report that details CBOE's experience with the SPY Pilot Program. The Pilot Report now includes the period of January 2015 through May 2015. The Pilot Report is attached as Exhibit 3. CBOE notes that it is unaware of any problems created by the SPY Pilot Program and does not foresee any as a result of the proposed extension. In extending the SPY Pilot Program, the Exchange states that if CBOE were to propose another extension, permanent

approval or termination of the SPY Pilot Program, the Exchange will submit another Pilot Report covering the period since the previous extension, which will be submitted at least 30 days before the end of the proposed extension. If the SPY Pilot Program is not extended or adopted on a permanent basis by July 12, 2016, position limits in SPY will revert to their Pre-Pilot levels.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the Exchange believes that extending the SPY Pilot Program promotes just and equitable principles of trade by permitting market participants, including market makers, institutional investors and retail investors, to establish greater positions when pursuing their investment goals and needs. Extending the SPY Pilot Program will give the Exchange and the Commission additional time to evaluate the pilot and its effect on the market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any aspect of competition, whether between the Exchange and its competitors, or among market participants. Instead, the proposed rule change is designed to allow the SPY Pilot Program to continue as the Exchange expects other SROs will propose similar extensions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.⁷

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁸ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)⁹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay, noting that such waiver will allow the Exchange to extend the pilot program prior to its expiration on July 12, 2015. In addition, the Exchange believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it will allow for the least amount of market disruption as the pilot will continue as it currently does maintaining the status quo. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

[Release No. 34-75376; File No. SR-NYSEArca-2015-18]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Granting Approval of Proposed Rule Change Relating to Listing and Trading Under NYSE Arca Equities Rule 5.2(j)(3), Commentary .02 of Shares of the Vanguard Tax-Exempt Bond Index Fund

July 7, 2015.

I. Introduction

On April 6, 2015, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade under NYSE Arca Equities Rule 5.2(j)(3), Commentary .02, the shares ("Shares") of the Vanguard Tax-Exempt Bond Index Fund ("Fund"). The proposed rule change was published for comment in the *Federal Register* on April 16, 2015.³ On May 26, 2015, the Commission extended the time period in which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved.⁴ The Commission received no comments on the proposed rule change. This order grants approval of the proposed rule change.

II. Description of the Proposed Rule Change

The Exchange proposes to list and trade Shares of the Fund under NYSE Arca Equities Rule 5.2(j)(3), Commentary .02, which governs the listing and trading of Investment Company Units ("Units") based on fixed income securities indexes. The Fund is

a series of the Vanguard Municipal Bond Funds Trust ("Trust").⁵ The Vanguard Group, Inc. will be the investment adviser to the Fund ("Adviser"). State Street Bank and Trust Company will serve as custodian for the Fund. Vanguard Marketing Corporation will be the distributor for the Shares.

A. Principal Investments of the Fund

According to the Exchange, the Fund will seek to track the performance of a benchmark index that measures the investment-grade segment of the U.S. municipal bond market, as described below. The Fund will invest by sampling its benchmark index, meaning that it will hold a range of securities that, in the aggregate, approximates the full index in terms of key risk factors and other characteristics. All of the Fund's investments will be selected through the sampling process, and, under normal circumstances,⁶ at least 80% of the Fund's assets will be invested in securities held in its benchmark index. Under normal circumstances, at least 80% of the Fund's income will be exempt from federal income taxes.

According to the Exchange, the Fund has proposed to use the Standard & Poor's National AMT-Free Municipal Bond Index ("Index") as its benchmark index.⁷ The Index includes municipal bonds from issuers that are primarily state or local governments or agencies whose interest is exempt from U.S. federal income taxes and the federal alternative minimum tax ("AMT"). To be eligible for inclusion in the Index, each bond must have a rating of at least investment-grade, as determined by a nationally recognized statistical rating organization (e.g., at least BBB-by Fitch Ratings, Inc.); be denominated in U.S.

⁵ The Exchange represents that, on January 6, 2015, the Trust filed a registration statement ("Registration Statement") on Form N-1A under the Securities Act of 1933 and the Investment Company Act of 1940 ("1940 Act") (File Nos. 2-57689 and 811-02687). According to the Exchange, the Trust has obtained certain exemptive relief from the Commission under the 1940 Act. See Investment Company Act Release No. 27773 (April 2, 2007) (File No. 812-13336).

⁶ According to the Exchange, term "under normal circumstances" includes, but is not limited to, the absence of extreme volatility or trading halts in the fixed income markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

⁷ S&P Dow Jones Indices ("S&P") is the "Index Provider" with respect to the Index. According to the Exchange, the Index Provider is not a broker-dealer or affiliated with a broker-dealer and has implemented procedures designed to prevent the use and dissemination of material, non-public information regarding the Index.
