Comments

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2007-0012 in the search box. Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection Request:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Application for Action on an Approved Application or Petition.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* Form I-824; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or households. Form I-824 is used to request a duplicate approval notice, or to notify the U.S. Consulate that a petition has been approved or that a person has been adjusted to permanent resident status.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to*

respond: The estimated total number of respondents for the information collection Form I-824 is 12,609 and the estimated hour burden per response is .417 hours (25 minutes).

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 5,258.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated cost burden associated with this collection of information is \$1,544,602.50.

Dated: September 03, 2015.

Requests for copies of the proposed forms should be submitted to Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Core Performance Reporting for Competitively-Funded Grants.

OMB Approval Number: Pending.

Type of Request: Regular.

Type of Information Collection: New.
Form Numbers: HUD-PRL, HUD-CIRL, HUD-GF.

Description of the need for the information and proposed use:

This request is for the clearance of data collection and reporting requirements to enable the U.S. Department of Housing and Urban Development (HUD) Office of Strategic Planning and Management (OSPM) to better assess the effectiveness of competitively-funded grants included in this information collection request (ICR). The competitively-funded grant programs included in this ICR are: Community Development Block Grant Program for Indian Tribes and Alaska Native Villages (ICDBG), Family Self-Sufficiency Program (FSS), Housing Counseling (HC), Housing Opportunities for Persons with AIDS (HOPWA), JobsPlus Program (Jobs+), Juvenile Reentry Assistance Program (JRAP), Lead-Based Paint Hazard Control (LBPHC), Lead Hazard Reduction Demonstration (LHRD), Self-Help Homeownership Opportunity Program (SHOP), Supportive Services Demonstration Program (202), and Resident Opportunity and Self-Sufficiency Service Coordinators Program (ROSS).

A key component of this proposed collection is the reporting of measurable outcomes. Additionally, the standardization of data collection and reporting requirements across the Department will increase data

comparability and utilization. Consolidation of de-identified data drawn from pre-existing HUD systems and databases, as applicable, into a single repository will enhance the Department's comprehensive and comparative analysis of competitively-funded HUD programs. Data submission will be acceptable via Comma Separated Values (CSV), Extensible Markup Language (XML), and other file formats in addition to direct data entry into an online web form.

The Department has several reporting models in place for competitive grant programs, including the eLogic Model. The reporting models provide information on a wide variety of outputs and outcomes and are based on unique data definitions and outcome measures in program-specific performance and progress reports. In Federal Fiscal Year 2013, nine program offices at HUD used six systems and 15 reporting tools to collect over 700 data elements in support of varied metrics to assess the performance of competitively-funded. The proposed data collection and reporting requirements described in this notice are designed to replace the use of the eLogic Model and other report forms and requirements.

The lack of standardized data collection and reporting requirements imposes an increased burden on grantees with multiple grant awards from HUD. The need for a comprehensive and standardized reporting approach is underscored by reviews conducted by external oversight agencies, including the Department's Office of Inspector General (OIG) and the Government Accountability Office (GAO). These oversight agencies have questioned the validity and comparability of data reported by the Department. To address these issues, the Department is using its statutory and regulatory authority to redesign and strengthen performance reporting for

many of its competitive grant programs into a single comprehensive approach.

The Secretary's statutory and regulatory authority to administer housing and urban development programs include provisions allowing for the requirement of performance reporting from grantees. This legal authority is codified at 42 U.S.C. 3535(r). The individual privacy of service recipients is of the highest priority. The reporting repository established at HUD to receive data submission from grantees will not include any personally identifying information (PII). Additionally, if the data for a grant has 25 or fewer individuals served during a fiscal year as reported in the record-level reports, then the results for the demographic data elements for the 25 or fewer individuals will also be redacted or removed from the public-use data file and any publicly available analytical products in order to ensure the inability to identify any individual.

Eligible entities awarded grants by the Department are expected to implement the proposed recordkeeping and reporting requirements with available grant funds. It is important to note that much of the data to be reported by grantees under this ICR is already required and reported to one or more program offices at HUD. Furthermore, generally only a subset of the universe of data elements presented will be submitted as data collection and reporting requirements are determined by the program office and include consideration of the type and level of service provided by the respective grant programs.

The reporting requirements in this proposal better organize the data already being collected, standardize outcomes and performance measures, and allow program offices at HUD to select which data elements and performance indicators are relevant for their respective programs. Documents

detailing the data elements, performance indicators, and draft online data entry forms are available for review by request from Colette Pollard (*Colette.Pollard@hud.gov*). All information reported to HUD will be submitted electronically. Recipients or grantees may use existing management information systems provided those systems collect all of the required data elements and can be exported for submission to HUD. Recipients or grantees that sub-grant funds to other organizations will need to collect the required information from their sub-recipients or sub-grantees.

Information collected and reported will be used by recipients or grantees and the Department for the following purposes:

- To provide program and performance information to recipients, general public, Congress, and other stakeholders;
- To continuously improve the quality, effectiveness, and efficiency of grant-funded programs;
- To provide management information for use by the Department in program administration and oversight, including the monitoring of grant-specific participation, services, capital investments, and outcomes; and
- To better measure and analyze performance information to identify successful practices to be replicated and prevent or correct problematic practices and improve outcomes in compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act.

The data collection and reporting requirements will be phased in over a three-year period which includes a proof of concept pilot in FY16. The Department will provide technical assistance to recipients or grantees throughout the implementation.

Respondents (i.e. affected public): Organizations awarded competitively-funded grants as listed on page 2.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Retrospective Review—Improving the Previous Participation Reviews of Prospective Multifamily Housing and Healthcare Program Participants Informational Conference Call

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: Through this notice, HUD announces that it will be holding a conference call on September 16, 2015, to discuss HUD's previous participation review process and solicit feedback on how this process can be improved. On August 10, 2015, HUD published a proposed rule to revise its regulations governing the previous participation review process that is applied to certain entities seeking to take part in multifamily housing and healthcare programs administered by HUD's Office of Housing. HUD's goal in revising the regulations is to simplify the process by which HUD currently reviews the previous participation of participants that have decision-making authority over their projects as one component of HUD's responsibility to assess financial and operational risk to the projects in these programs.

DATES: The teleconference call will be held on September 16, 2015, commencing at 11:30 a.m., EDT.

ADDRESSES: Because this is a conference call, there is no meeting venue. Current and prior multifamily housing and healthcare programs' participants interested in participating in the conference call can register for the call at HUD's Web site at www.hud.gov/emarc as can other interested members of the public.

FOR FURTHER INFORMATION CONTACT: Aaron Hutchinson, Office of Housing, Department of Housing and Urban Development, 451 7th Street SW., Room 6178, Washington, DC 20410; telephone number 202-708-3994 (this is not a toll-free number). Individuals with speech or hearing impairments may access this number through TTY by calling the toll-free Federal Relay Service at 800-877-8339 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

HUD's regulations governing the assessment of previous participation are

codified in 24 CFR part 200, subpart H (Subpart H),¹ and require applicants to complete a very detailed and lengthy certification form (HUD Form 2530).² The 2530 form currently requires disclosure of all principals to be involved in the proposed project, a list of projects in which those principals have previously participated or currently participate in, a detailed account of the principals' involvement in the listed project(s), and assurances that the principals have upheld their responsibilities while participating in those programs. The regulations govern not only the content of the certification submitted by applicants, but the types of parties that must certify, and the process for submitting the certification.

Participants in HUD's multifamily housing and healthcare programs have long complained about the delays with HUD's previous participation review process because of the number of required principals that must complete the form and the overly detailed information required to be submitted, and HUD is committed to improving the process. HUD has commenced steps to strive to improve the previous participation process and on August 10, 2015, at 80 FR 47874, HUD published a proposed rule, entitled "Retrospective Review—Improving the Previous Participation Reviews of Prospective Multifamily Housing and Healthcare Programs Participants."³

Conference Call

To aid HUD in the goal to revise the previous participation regulations so that the review process is effective but also expedient and less burdensome, HUD seeks input in the form of public comment on how the process can be
