

FRB. As discussed above, the proposed rule change is merely an extension of current margin standards and is consistent with an FRB no-action letter that permitted the applicable margin treatment for a specific index option and related ETF.

The proposed nonsubstantive, technical changes provide for more consistent and plain English language in similar rule provisions, which will ultimately benefit investors.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change applies to all Trading Permit Holders in the same manner and makes the same margin treatment available to all Trading Permit Holders. The proposed rule change is unrelated to competition and instead is intended to bring uniformity to CBOE's margin rules. It is consistent with current rules and interpretations set forth in Regulatory Circulars, as well as regulatory guidance, and is not intended to impact trading on the Exchange. As discussed above, proposed subparagraph (b) is also substantially similar to the rule of another options exchange.¹⁸

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

A. By order approve or disapprove such proposed rule change, or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76069; File No. SR-ICEEU-2015-016]

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Clearance of New Natural Gas Futures Contracts

October 2, 2015.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 18, 2015, ICE Clear Europe Limited ("ICE Clear Europe") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been primarily prepared by ICE Clear Europe. ICE Clear Europe filed the proposal pursuant to section 19(b)(3)(A) of the Act,³ and Rules 19b-4(f)(4)(ii)⁴ thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed rule change is to modify the ICE Clear Europe Delivery Procedures with respect to the settlement of certain European natural gas futures contracts that will be traded on the ICE Endex market and cleared by ICE Clear Europe.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

¹⁸ See *supra* note 16.

¹⁹ 17 CFR 200.30-3(a)(12).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to modify the ICE Clear Europe Delivery Procedures in connection with the launch by the ICE Endex market of new natural gas futures contracts that will be cleared by ICE Clear Europe, namely the ICE Endex Italian PSV Natural Gas Futures Contracts (the "PSV Natural Gas Contracts"). ICE Clear Europe does not otherwise propose to amend its clearing rules or procedures in connection with the PSV Natural Gas Contracts.

The amendments adopt a new part AA to the Delivery Procedures, applicable to the PSV Natural Gas Contracts. The amendments provide, among other matters, specifications for delivery of natural gas under a PSV Natural Gas Contract, including relevant definitions and a detailed delivery timetable for the contracts. The amendments also address invoicing and payment for delivery. The amendments provide for calculation by ICE Clear Europe of buyer's and seller's security to cover delivery obligations and related liabilities, costs or charges, as well as procedures to address failed deliveries. The revised procedures also set out various documentation requirements for the relevant parties. In addition, changes are made to paragraph 5.1 of the Delivery Procedures to include the PSV Natural Gas Contracts in the list of contracts for which parties may nominate transferors and transferees to make and take delivery.

2. Statutory Basis

ICE Clear Europe believes that the changes described herein are consistent with the requirements of section 17A of the Act⁵ and the regulations thereunder applicable to it, including the standards under Rule 17Ad-22.⁶ Specifically, the amendments are consistent with the prompt and accurate clearance of and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts and transactions, the safeguarding of securities and funds in the custody or control of ICE Clear Europe or for which it is responsible and the protection of investors and the public interest, within the meaning of section 17A(b)(3)(F) of the Act.⁷ The PSV Natural Gas Contracts have similar characteristics to other ICE Endex

natural gas contracts currently cleared by ICE Clear Europe, and ICE Clear Europe believes that its existing financial resources, risk management, systems and operational arrangements are sufficient to support clearing of such products (and to address physical delivery under such contracts).

Specifically, ICE Clear Europe believes that it will be able to manage the risks associated with acceptance of the PSV Natural Gas Contracts for clearing and physical delivery in such contracts. The PSV Natural Gas Contracts present a similar risk profile to other ICE Endex contracts currently cleared by ICE Clear Europe, and ICE Clear Europe believes that its existing risk management and margin framework is sufficient for purposes of risk management of the PSV Natural Gas Contracts and related deliveries. Similarly, ICE Clear Europe has established appropriate standards for determining the eligibility of contracts submitted to the clearinghouse for clearing, and ICE Clear Europe believes that its existing systems are appropriately scalable to handle the PSV Natural Gas Contracts, which are generally similar from an operational perspective to the other ICE Endex power contracts currently cleared by ICE Clear Europe.

For the reasons noted above, ICE Clear Europe believes that the proposed rule change is consistent with the requirements of section 17A of the Act and regulations thereunder applicable to it.

B. Self-Regulatory Organization's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed changes to the rules would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purpose of the Act. ICE Clear Europe is adopting the amendments to the Delivery Procedures principally in connection with the listing of new contracts for trading on the ICE Endex market. ICE Clear Europe believes that such contracts will provide additional opportunities for interested market participants to engage in trading activity relating to the relevant underlying gas markets. ICE Clear Europe does not believe the adoption of related Delivery Procedures amendments would adversely affect access to clearing for clearing members or their customers, or otherwise adversely affect competition in clearing services.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed changes to the rules have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to section 19(b)(3)(A)⁸ of the Act and Rule 19b-4(f)(4)(ii)⁹ thereunder because it effects a change in an existing service of a registered clearing agency that primarily affects the clearing operations of the clearing agency with respect to products that are not securities, including futures that are not security futures, swaps that are not security-based swaps or mixed swaps, and forwards that are not security forwards, and does not significantly affect any securities clearing operations of the clearing agency or any rights or obligations of the clearing agency with respect to securities clearing or persons using such securities-clearing service. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100–503), amended the Privacy Act (5 U.S.C. 552a) by describing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for persons applying for, and receiving, Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101–508) further amended the Privacy Act regarding protections for such persons.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

B. Purpose of the Matching Program

The purpose of this matching program is to set forth the terms, conditions, and safeguards under which OPM will disclose civil service benefit and payment data to us. Our Office of the Chief Actuary (OCA) will also use OPM's data for statistical and research purposes in tracking the size of, and impact on, subpopulations of government annuitants affected by the Government Pension Offset (GPO), the Windfall Elimination Provision (WEP), and in cost estimates of proposals to change the two provisions.
