

the four training models, and training and technical assistance instructors, coaches and subject matter experts. CDC will use the information collected to evaluate the effectiveness of the Work@Health® Program in terms of (1) increasing employer’s knowledge and awareness of worksite health concepts, principles, and resources, and

(2) increasing the number of science-based worksite health programs, policies and practices in place at participating employers’ worksites. The information will also be used to continue to identify and improve the best way(s) to deliver skill-based training and technical support to

employers in the area of worksite health.

OMB approval is requested for three years. Participation in Work@Health® is voluntary and there are no costs to participants other than their time. The total estimated annualized burden hours are 1,047.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hrs.)
