¹ In that docket, on November 3, 2015, Union Pacific Railroad Company (UP) filed a Verified Notice of Exemption under the Board's class exemption procedures at 49 CFR 1180.2(d)(7). The notice addressed an agreement between UP and the BNSF Railway Company (BNSF) that is intended to grant UP overhead temporary trackage rights until December 31, 2018, to operate between milepost 579.3 near Mill Creek, Okla., on BNSF's Creek Subdivision and milepost 631.0 near Joe Junction, Tex., on BNSF's Madill Subdivision, a distance of approximately 51.7 miles. UP stated that because the temporary trackage rights are longer than a year in duration, the Board's class exemption for temporary trackage rights under 49 CFR 1180.2(d)(8) does not apply. Instead, UP concurrently filed a Petition for Partial Revocation in this sub-docket. Notice of exemption was served and published in the **Federal Register** on November 19, 2015 (80 FR 72,486). That notice indicated that the Board would address the Petition for Partial Revocation in a separate decision, which it is doing here and in the Board's decision served today in this sub-docket.
