

DHS *Unmanned Aircraft Systems Privacy, Civil Rights and Civil Liberties Working Group* in September 2012 to “provide leadership to the homeland security enterprise by clarifying the privacy, civil rights, and civil liberties legal and policy issues surrounding government use of [Unmanned Aircraft Systems].” The Working Group drafted the best practices.

DHS publishes these best practices to inform DHS and our local, state, and federal government partners and grantees interested in establishing unmanned aircraft programs grounded in policies and procedures that are respectful of privacy, civil rights, and civil liberties. These best practices are not prescriptive, but represent an optimal approach to sustaining privacy, civil rights, and civil liberties throughout the lifecycle of an unmanned aircraft systems program. Although the intended audience is DHS and other government agencies, the private sector may also find these practices instructive in creating or operating unmanned aircraft programs.

The best practices document is consistent with the February 15, 2015 Presidential Memorandum, *Promoting Economic Competitiveness while Safeguarding Privacy, Civil Rights, and Civil Liberties in Domestic Use of Unmanned Aircraft Systems*.

This best practices document was reviewed by the Office of Management and Budget pursuant to Executive Order 12866, *Regulatory Planning and Review*.

Christina E. McDonald,
Associate General Counsel for Regulatory Affairs.
