SUPPLEMENTARY INFORMATION: PBGC is requesting that OMB approve modifications to an information collection needed to locate and pay participants and beneficiaries who may be entitled to pension benefits under a defined benefit plan that has terminated. The collection consists of information that participants and beneficiaries are asked to provide when applying for benefits. In addition, in some instances, as part of a search for participants and beneficiaries who may be entitled to benefits, PBGC requests individuals to provide identifying information that the individual would provide as part of an initial contact with PBGC. The information collection also includes My Pension Benefit Account (My PBA), an application on PBGC's Web site, <http://www.pbgc.gov>, through which plan participants and beneficiaries may conduct electronic transactions with PBGC, including applying for pension benefits, designating a beneficiary, changing contact information, and applying for electronic direct deposit. All requested information is needed to enable PBGC to

determine benefit entitlements and to make appropriate payments, or to provide respondents with specific information about their pension plan so they may obtain rough estimates of their benefits.

PBGC will add one new form to the information collection, Form 717, Benefit Inquiry Questionnaire. PBGC will send this form to individuals who contact PBGC to inquire whether PBGC is holding any benefits to which they are entitled. The questionnaire will request information that PBGC needs to determine whether the individual is owed benefits and, if so, the benefit amount.

In addition, PBGC is making clarifying, simplifying, editorial, and other changes to the information collection.

The collection of information has been approved by OMB under control number 1212-0055 (expires December 31, 2015). PBGC is requesting that OMB extend its approval (with modifications) for three years from its approval date. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that the average annual burden associated with this collection of information will be 126,090 hours and \$1,360 for the next three years. The burden estimate includes 124,410 hours and \$1,330 for participants in plans covered by the PBGC insurance program. The remaining burden is attributable to participants expected to be covered by the expanded Missing Participants program under Pension Protection Act of 2006 amendments to ERISA, once that program is in effect.

Issued in Washington, DC, this 23 day of December 2015.

Judith Starr,

General Counsel, Pension Benefit Guaranty Corporation.

- I. Introduction
- II. Contents of Filing
- III. Commission Action
- IV. Ordering Paragraphs

I. Introduction

On December 17, 2015, the Postal Service filed a notice, pursuant to 39 CFR 3010.40 *et seq.*, announcing a Type 2 Rate Adjustment to improve default rates established under the Universal Postal Union (UPU) Acts.¹ The Notice concerns the Canada Post 2016 Agreement (Agreement),² the inbound portion of a bilateral agreement with Canada Post Corporation ("Canada Post" or "CPC") that the Postal Service contends is functionally equivalent to the baseline agreement with Koninklijke TNT Post B.V and TNT Post PakketService Benelux B.V. ("TNT Post"), ("the TNT Agreement").³ The TNT Agreement is the baseline agreement that the Commission included within the Inbound Market Dominant Multi-Service Agreements with Foreign Postal Operators 1 product on the market dominant product list of the Mail Classification Schedule. *Id.*

II. Contents of Filing

The Postal Service's filing consists of the Notice, two attachments, and redacted and unredacted versions of an Excel file with supporting financial workpapers. Notice at 2. Attachment 1 is an application for non-public treatment of materials filed under seal with the Commission. *Id.* Attachment 2 is a redacted copy of the Agreement. *Id.* On December 22, 2015, the Postal Service filed a signed version of the agreement.⁴

The Agreement is the successor agreement to one previously found to be functionally equivalent to the baseline agreement in the Inbound Market Dominant Multi-Service Agreement with Foreign Postal Operators 1 (MC2010-35) product.⁵ The Agreement provides that the effective date is February 1, 2016 for market dominant products. Notice, Attachment 2 at 8.

The Postal Service asserts that it is providing at least the 45 days advance

² The Agreement replaces the Canada Post 2014 Agreement reviewed by the Commission in PRC Docket No. R2014-3. Docket No. R2014-3, Order No. 1940, Order Approving an Additional Inbound Market Dominant Multi-Service Agreement with Foreign Postal Operators 1 Negotiated Service Agreement (with Canada Post Corporation), December 31, 2013.

notice required under 39 CFR 3010.41; and identifies the parties to the Agreement as the United States Postal Service and Canada Post, the designated postal operator for handling letter-post originating in Canada. Notice at 3, 6. The Postal Service further asserts that the Agreement is intended to remain in effect until December 31, 2017. *Id.* at 4.

The Postal Service states that the Agreement includes negotiated pricing and settlement for various inbound letter-post products, including registered mail, small packets with delivery confirmation, and International Business Reply Service (IBRS). *Id.*

Reporting requirements. 39 CFR 3010.43 requires the Postal Service to submit a detailed data collection plan. In lieu of a special data collection plan for the Agreement, the Postal Service proposes to report information on the Agreement through the Annual Compliance Report. *Id.* at 8. The Postal Service also invokes, with respect to service performance measurement reporting under 39 CFR 3055.3(a)(3), the standing exception in Order No. 996 for all agreements filed in the Inbound Market Dominant Multi-Service Agreements with Foreign Postal Operators 1 product grouping.⁶

Consistency with applicable statutory criteria. The Postal Service observes that Commission review of a negotiated service agreement addresses three statutory criteria under 39 U.S.C. 3622(c)(10) as codified in 39 CFR 3010.40. These are whether the agreement: (1) Improves the Postal Service's net financial position or enhances the performance of operational functions; (2) will not cause unreasonable harm to the marketplace; and (3) will be available on public and reasonable terms to similarly situated mailers. Notice at 8. The Postal Service asserts that it addresses the first two criteria in its Notice and that the third criterion is inapplicable, as there are no entities similarly situated to Canada Post in terms of its ability to tender broad-based small packet flows from Canada or serve as a designated operator for letter-post originating in Canada. *Id.* at 8-9.

Functional equivalence. The Postal Service addresses reasons why it considers the Agreement functionally equivalent to the baseline TNT Agreement and requests that the Agreement be added to the market dominant product list within the Inbound Market Dominant Multi-
