NATIONAL CREDIT UNION ADMINISTRATION

Request for Comment Regarding National Credit Union Administration Operating Fee Schedule Methodology

AGENCY: National Credit Union Administration (NCUA).

ACTION: Request for comment.

SUMMARY: The NCUA Operating Budget has two primary funding mechanisms: (1) An Overhead Transfer, which is funded by federal credit unions (FCUs) and federally insured state-chartered credit unions (FISCUs); and (2) annual Operating Fees, which are charged only to FCUs. In a voluntary effort to invite input from stakeholders representing federal and state-chartered credit unions, the NCUA Board (Board) is simultaneously requesting comments on the methodologies for both funding mechanisms in separate notices in the **Federal Register**.

This request for comments focuses on the methodology NCUA uses to determine the aggregate amount of Operating Fees charged to federal credit unions, including the fee schedule that allocates the Operating Fees at different rates among FCUs according to various asset thresholds. While the NCUA Board is interested in all comments from the public and stakeholders, commenters are also asked to consider the following questions when responding: (1) Are the asset determination thresholds reasonable; and (2) is the method for forecasting projected asset growth for the credit union system reasonable? Responding to these questions will provide valuable insight to the NCUA Board with respect to how the Operating Fee is administered. To be most instructive to the Board, commenters are encouraged to provide the specific basis for their comments and recommendations, as well as documentation to support their proposed adjustments or alternatives.

DATES: Comments must be received on or before April 26, 2016 to be assured of consideration.

ADDRESSES: You may submit comments by any of the following methods (Please send comments by one method only):

- *NCUA Web site: http://www.ncua.gov.* Please follow the instructions for submitting comments under the ''Board Comments'' section of the NCUA Web site.
