

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, an NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program's policy (see OSHA Instruction CPL 1-0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

OSHA limits the renewal of QPS's recognition to include the terms and conditions of QPS's scope of recognition, inclusive of the expansion of scope granted in this notice. The scope of recognition for QPS is available in the **Federal Register** notice dated March 2, 2011 (79 FR 11518) or on OSHA's Web site at <https://www.osha.gov/dts/otpca/nrtl/qps.html>. This renewal extends QPS's recognition for a period of five years from April 25, 2016.

Conditions

In addition to those conditions already required by 29 CFR 1910.7, QPS also must abide by the following conditions of recognition:

1. QPS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);

2. QPS must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. QPS must continue to meet the requirements for recognition, including all previously published conditions on QPS's scope of recognition, in all areas for which it has recognition.
