

**Executive Order 13132, "Federalism"**

It has been determined that this Privacy Act rule for the Department of Defense does not have federalism implications. This rule does not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, no Federalism assessment is required.

**List of Subjects in 32 CFR Part 311**

Privacy.

Accordingly, 32 CFR part 311 is amended as follows:

**PART 311—OFFICE OF THE SECRETARY OF DEFENSE AND JOINT STAFF PRIVACY PROGRAM**

■ 1. The authority citation for 32 CFR part 311 continues to read as follows:

**Authority:** 5 U.S.C. 552a.

■ 2. Section 311.8 is amended by adding paragraph (c)(27) to read as follows:

**§ 311.8 Procedures for exemptions.**

\* \* \* \* \*

(c) \* \* \*

(27) *System identifier and name:* DMDC 24 DoD, Defense Information System for Security (DISS).

(i) *Exemption:* Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be exempt pursuant to 5 U.S.C. 552a(k)(5), but only to the extent that such material would reveal the identity of a confidential source.

(ii) *Authority:* 5 U.S.C. 552a(k)(5).

(iii) *Reasons:* (A) from subsections (c)(3) and (d) when access to accounting disclosure and access to or amendment of records would cause the identity of a confidential source to be revealed. Disclosure of the source's identity not only will result in the Department breaching the promise of confidentiality made to the source but it will impair the Department's future ability to compile investigatory material for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, Federal contracts, or access to classified information. Unless sources can be assured that a promise of confidentiality will be honored, they will be less likely to provide information considered essential to the Department in making the required determinations.

(B) From subsection (e)(1) because in the collection of information for

investigatory purposes, it is not always possible to determine the relevance and necessity of particular information in the early stages of the investigation. It is only after the information is evaluated in light of other information that its relevance and necessity becomes clear. Such information permits more informed decision-making by the Department when making required suitability, eligibility, and qualification determinations.
