Federal Emergency Management Agency

[Docket ID: FEMA–2017–0004; OMB No. 1660–0046]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Emergency Management Institute (EMI) Independent Study Course Enrollment Application and Test Answer Sheet

DATES: Comments must be submitted on or before April 26, 2017.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to oir.submission@omb.eop.gov.

Requests for additional information or copies of the information collection should be made to Director, Records Management Division, 500 C Street SW., Washington, DC 20472–3100, or email address FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: This information collection previously published in the **Federal Register** on January 19, 2017, 82 FR 6595, with a 60 day public comment period. FEMA received one public comment suggesting that the response time should be higher than .5 hours. The online course associated with this form uses a multiple choice format and varies in size from 10 to over 50 questions. Due to this difference, the time needed to complete a final exam varies greatly. Based on our most recent data, .5 hours is the mean time for a final exam completion, and FEMA believes that this is an accurate number for calculating the public burden associated with this form. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Agency Information Collection Activities: Submission for OMB Review; Comment Request; National Flood Insurance Program Claims Forms

AGENCY: Federal Emergency
Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on January 13, 2017 at 82 FR 4372 with a 60 day public comment period. FEMA received one comment from an individual requesting to review all forms associated with the collection. The Records Management Division provided the forms to the requester. The National Flood Insurance Program (NFIP) is codified as 42 U.S.C. 4001, *et sec.* and is authorized by Public Law 90-448 (1968) and expanded by Public Law 93-234 (1973). The National Flood Insurance Act of 1968 requires that FEMA provide flood insurance at full actuarial rates with limited exceptions for certain structures reflecting the complete flood risk to structures built or substantially improved on or after the effective date for the initial Flood Insurance Rate Map (FIRM) for the community, or after December 31, 1974, whichever is later, so that the risk associated with buildings in flood-prone areas are borne by those located in such areas and not by the taxpayers at large. In accordance with Public Law 93-234, the purchase of flood insurance is mandatory when Federal or federally related financial assistance is being provided for acquisition or construction of buildings located, or to be located, within FEMA-identified special flood hazard areas of communities that are participating in the NFIP. When flood damage occurs to insured property, information is collected to report, investigate, and negotiate in order to settle the claim.

The NFIP Appeals Process

Section 205 of The Bunning-Bereuter-Blumenauer Flood Insurance Reform Act (FIRA) of 2004, Public Law 108-264, requires FEMA to establish by regulation an additional process for the appeal of decisions of flood insurance claims issued through the NFIP. Consequently, FEMA published an interim final rule on May 26, 2006 (71 FR 30294) and a final rule on October 13, 2006 (71 FR 60435) codifying into regulation what was previously an existing informal process to handle appeals regarding decisions related to coverage, or claims under the NFIP.
