

Part III of the proposed order requires Uber to undergo biennial assessments of its mandated privacy program by a third party.

Parts IV through VIII of the proposed order are reporting and compliance provisions. Part IV requires dissemination of the order now and in the future to all current and future principals, officers, directors, and managers, and to persons with managerial or supervisory responsibilities relating to the subject matter of the order. Part V mandates that Uber submit a compliance report to the FTC one year after issuance of the order and submit additional notices as specified. Parts VI and VII require Uber to retain documents relating to its compliance with the order, and to provide such additional information or documents necessary for the Commission to monitor compliance. Part VIII states that the Order will remain in effect for 20 years.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the complaint or proposed order, or to modify in any way the proposed order's terms.

By direction of the Commission.

Donald S. Clark,
Secretary.

SUPPLEMENTARY INFORMATION:

A. Purpose

Section 743(a) of Division C of the Consolidated Appropriations Act, 2010 (Pub. L. 111-117) requires executive agencies covered by the Federal Activities Inventory Reform (FAIR) Act (Pub. L. 105-270), except DoD, to submit to the Office of Management and Budget (OMB) annually an inventory of activities performed by service contractors. DoD is exempt from this reporting requirement because 10 U.S.C. 2462 and 10 U.S.C. 2330a(c) already require DoD to develop an annual service contract inventory.

House Report 111-366 notes, in connection with section 743, that, "in the absence of complete and reliable information on the extent of their reliance on service contractors, Federal agencies are not well-equipped to determine whether they have the right balance of contractor and in-house resources needed to accomplish their missions. Therefore, this rule intends to

supplement agency annual service contract reporting requirements with the contractor provided service contract reporting information.

The information is to be submitted pursuant to clauses 52.204-14 and 52.204-15. Certain prime service contractors will provide annually—

- a. The contract number, and, as applicable, order number;
- b. The total dollar amount invoiced for services performed during the previous Government fiscal year under the contract;
- c. The number of contractor direct labor hours expended on the services performed during the previous Government fiscal year; and
- d. Data reported by subcontractors.

The prime contractor shall require each first-tier subcontractor performing under the contract to provide annually—

- a. The subcontract number (including subcontractor name and if available, Unique Entity Identifier number; and
- b. The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous Government fiscal year.

In order to invoice the government for time-and-material/labor-hour (T&M/LH) and cost-reimbursement contracts, contractors already track labor hours expended, so the rule will cover T&M/LH and cost-reimbursement contracts over the simplified acquisition threshold.

Fixed price contracts are covered if the estimated total value is at \$500,000 or more in FY 2016 and thereafter.

For indefinite-delivery contracts, including but not limited to, indefinite-delivery indefinite-quantity (IDIQ) contracts, Federal Supply Schedule (FSS) contracts, Governmentwide Acquisition contracts (GWACs), and multi-agency contracts, reporting requirements will be determined based on the expected dollar amount and type of the orders issued under the contracts.

The burden has increased from the one in **Federal Register** Notice 78 FR 16268 dated March 14, 2013 due to more respondents being included in the overall total based on FY 2016 FPDS data. The threshold for Fixed-price contract reports are now covered if the estimated total value is at \$500,000 or more.

B. Annual Reporting Burden

Respondents: 111,172.

Responses/respondent: 1.

Total annual Responses: 111,172.

Preparation hours per response: 2.

Total response burden hours: 222,344.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202-501-4755. Please cite OMB Control No. 9000-0179, Service Contracts Reporting Requirements, in all correspondence.

Dated: August 16, 2017.

Lorin S. Curit,

Director, Federal Acquisition Policy Division, Office of Governmentwide Acquisition Policy, Office of Acquisition Policy, Office of Governmentwide Policy.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is

published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments are due within 30 days of this notice.

Proposed Project

CDC Oral Health Management Information System (OMB Control Number 0920-0739, expiration date 5/31/2017)—Reinstatement with Change. Division of Oral Health (DOH), National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The CDC works with state health departments to improve the oral health

of the nation. Targeted efforts include building and/or maintaining an effective public health capacity for the implementation, evaluation, and dissemination of evidence-based practices in oral health disease prevention and advancement of oral health. Through a cooperative agreement program (Program Announcement DP13-1307), CDC has provided funding to 21 states over a 5-year period. This cooperative agreement went into effect in September 2013 and builds upon previously funded collaborations between CDC and state-based oral health programs.

Currently, CDC does not have approval to collect annual progress and activity reports from state-based oral health programs using the Chronic Disease Management Information System (CDMIS). The information collected in the Management Information System (MIS) improves CDC's ability to disseminate information about successful public health approaches that are potentially replicable and adaptable for use in other states.

CDC requests a reinstatement with change to continue collecting information for two additional years. The estimated burden decreased from 255 to 171 hours as programs no longer have to repeat the initial entry of administrative data after the first year. The estimated burden for system maintenance and annual reporting is three hours for Basic-level awardees. The estimated burden for system maintenance and annual reporting is nine hours for Enhanced-level awardees. State awardees submit reports to CDC annually; however, states may enter updates in the MIS at any time.

CDC collects all information electronically and uses this information to monitor awardee activities and to provide any needed technical assistance or follow-up support.

There are no costs to respondents other than their time. The total estimated annualized burden hours are 171.

ESTIMATED ANNUALIZED BURDEN OF HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Program Awardees Basic Level	Annual Progress Report	3	1	3
Program Awardees Enhanced Level	Annual Progress Report	18	1	9
