#### II. Self-Regulatory Organization’s Statement of Substance of the Proposed Amendment

On May 16, 2017, Cboe Exchange, Inc. (“SRO”) filed with the Securities and Exchange Commission (“Commission” or “SEC”) proposed rule change SR–CBOE–2017–040 (the “Original Proposal”), pursuant to which SRO proposed to adopt a fee schedule to establish the fees for Industry Members related to the National Market System Plan Governing the Consolidated Audit Trail (the “CAT NMS Plan” or “Plan”).<sup>11</sup> On November 3, 2017, SRO filed an amendment to the Original Proposal (“First Amendment”). SRO files this proposed rule change (the “Second Amendment”) to amend the Original Proposal as amended by the First Amendment.

With this Second Amendment, SRO is including Exhibit 4, which reflects the changes to the text of the proposed rule change as set forth in the First Amendment, and Exhibit 5, which reflects all proposed changes to SRO’s current rule text.

filed with the Commission, pursuant to Section 11A of the Exchange Act<sup>13</sup> and Rule 608 of Regulation NMS thereunder,<sup>14</sup> the CAT NMS Plan.<sup>15</sup> The Participants filed the Plan to comply with Rule 613 of Regulation NMS under the Exchange Act. The Plan was published for comment in the **Federal Register** on May 17, 2016,<sup>16</sup> and approved by the Commission, as modified, on November 15, 2016.<sup>17</sup> The Plan is designed to create, implement and maintain a consolidated audit trail (“CAT”) that would capture customer and order event information for orders in NMS Securities and OTC Equity Securities, across all markets, from the time of order inception through routing, cancellation, modification, or execution in a single consolidated data source. The Plan accomplishes this by creating CAT NMS, LLC (the “Company”), of which each Participant is a member, to operate the CAT.<sup>18</sup> Under the CAT NMS Plan, the Operating Committee of the Company (“Operating Committee”) has discretion to establish funding for the Company to operate the CAT, including establishing fees that the Participants will pay, and establishing fees for Industry Members that will be implemented by the Participants (“CAT Fees”).<sup>19</sup> The Participants are required to file with the SEC under Section 19(b) of the Exchange Act any such CAT Fees applicable to Industry Members that the Operating Committee approves.<sup>20</sup> Accordingly, SRO submitted the Original Proposal to propose the Consolidated Audit Trail Funding Fees, which would require Industry Members that are SRO members to pay the CAT Fees determined by the Operating Committee.

The Commission published the Original Proposal for public comment in the **Federal Register** on June 1, 2017,<sup>21</sup>

and received comments in response to the Original Proposal or similar fee filings by other Participants.<sup>22</sup> On June 30, 2017, the Commission suspended, and instituted proceedings to determine whether to approve or disapprove, the Original Proposal.<sup>23</sup> The Commission received seven comment letters in response to those proceedings.<sup>24</sup>

In response to the comments on the Original Proposal, the Operating Committee determined to make the following changes to the funding model: (1) Adds two additional CAT Fee tiers for Equity Execution Venues; (2) discounts the market share of Execution Venue ATSS exclusively trading OTC Equity Securities as well as the market share of the FINRA over-the-counter reporting facility (“ORF”) by the average shares per trade ratio between NMS Stocks and OTC Equity Securities (calculated as 0.17% based on available data from the second quarter of 2017) when calculating the market share of Execution Venue ATS exclusively trading OTC Equity Securities and FINRA; (3) discounts the Options Market Maker quotes by the trade to quote ratio for options (calculated as 0.01% based on available data for June 2016 through June 2017) when calculating message traffic for Options Market Makers; (4) discounts equity market maker quotes by the trade to quote ratio for equities (calculated as 5.43% based on available data for June 2016 through June 2017) when calculating message traffic for equity market makers; (5) decreases the number of tiers for Industry Members (other than the Execution Venue ATSS) from nine to seven; (6) changes the allocation of CAT costs between Equity Execution Venues and Options Execution Venues from 75%/25% to 67%/33%; (7) adjusts tier percentages and recovery allocations for Equity

Execution Venues, Options Execution Venues and Industry Members (other than Execution Venue ATSS); (8) focuses the comparability of CAT Fees on the individual entity level, rather than primarily on the comparability of affiliated entities; (9) commences invoicing of CAT Reporters as promptly as possible following the latest of the operative date of the Consolidated Audit Trail Funding Fees for each of the Participants and the operative date of the CAT NMS Plan amendment adopting CAT Fees for Participants; and (10) requires the proposed fees to automatically expire two years from the operative date of the CAT NMS Plan amendment adopting CAT Fees for Participants. On November 3, 2017, SRO filed the First Amendment and proposed to amend the Original Proposal to reflect these changes.

SRO submits this Second Amendment to the revise the proposal as set forth in the First Amendment to discount the OTC Equity Securities market share of all Execution Venue ATSS trading OTC Equity Securities, rather than applying the discount solely to those Execution Venue ATSS that exclusively trade OTC Equity Securities, when calculating the market share of Execution Venue ATS trading OTC Equity Securities. As discussed in the First Amendment:

The Operating Committee determined to discount the market share of Execution Venue ATSS exclusively trading OTC Equity Securities as well as the market share of the FINRA ORF in recognition of the different trading characteristics of the OTC Equity Securities market as compared to the market in NMS Stocks. Many OTC Equity Securities are priced at less than one dollar—and a significant number at less than one penny—per share and low-priced shares tend to trade in larger quantities. Accordingly, a disproportionately large number of shares are involved in transactions involving OTC Equity Securities versus NMS Stocks. Because the proposed fee tiers are based on market share calculated by share volume, Execution Venue ATSS exclusively trading OTC Equity Securities and FINRA would likely be subject to higher tiers than their operations may warrant.<sup>25</sup>

The Operating Committee believes that this argument applies equally to both Execution Venue ATSS exclusively trading OTC Equity Securities and to Execution Venue ATSS that trade OTC Equity Securities as well as other securities. Accordingly, SRO proposes to amend paragraph (b)(2) of the Consolidated Audit Trail Funding Fees to apply the discount to all Execution Venue ATSS trading OTC Equity Securities. Specifically, SRO proposes

EDGA Exchange, Inc., Cboe EDGX Exchange, Inc., Cboe C2 Exchange, Inc., Cboe Exchange, Inc., respectively.

December 12, 2017.

The Options Clearing Corporation (“OCC”) filed on October 13, 2017 with the Securities and Exchange Commission (“Commission”) advance notice SR-OCC-2017-806 (“Advance Notice”) pursuant to Section 806(e)(1) of Title VIII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, entitled the Payment, Clearing and Settlement Supervision Act of 2010 (“Clearing Supervision Act”)<sup>1</sup> and Rule 19b-4(n)(1)(i) under the Securities Exchange Act of 1934 (“Exchange Act”)<sup>2</sup> to modify the tools it has available to address the risks of liquidity shortfalls when OCC faces a liquidity need to meet its same-day settlement obligations resulting from the failure of a bank or securities or commodities clearing organization (“Settlement Entity”) to achieve daily settlement. The Advance Notice was published for comment in the **Federal Register** on November 13, 2017.<sup>3</sup> The Commission has not received any comments on the Advance Notice to date. This

OCC also filed a proposed rule change with the Commission in connection with the proposed change. publication serves as notice of no objection to the Advance Notice.

### I. Background

OCC filed this Advance Notice in connection with its proposed change to modify the tools available to OCC to provide a mechanism for addressing the risks of liquidity shortfalls, specifically, in the extraordinary situation where OCC faces a liquidity need to meet its same-day settlement obligations resulting from a Settlement Entity’s failure to achieve daily settlement.

OCC’s By-Laws currently grant OCC the authority to borrow against its Clearing Fund where a Settlement Entity fails to make timely settlement with OCC due to the bankruptcy, insolvency, resolution, suspension of operations or similar event of such Settlement Entity.<sup>4</sup> The Advance Notice seeks to expand this borrowing authority to circumstances relatively less severe than bankruptcy, insolvency, or a similar event to include a temporary failure of a Settlement Entity to achieve daily settlement.

Specifically, Article VIII, Section 5(e) of OCC’s By-Laws provides OCC with the authority to borrow against the Clearing Fund in two circumstances. First, the By-Laws provide OCC the authority to borrow where OCC “deems it necessary or advisable to borrow or otherwise obtain funds from third parties in order to meet obligations arising out of the default or suspension of a Clearing Member or any action taken by the Corporation in connection therewith pursuant to Chapter XI of the Rules or otherwise.” Second, the By-Laws provide OCC the authority to borrow against the Clearing Fund where OCC “sustains a loss reimbursable out of the Clearing Fund pursuant to [Article VIII, Section 5(b) of OCC’s By-Laws] but [OCC] elects to borrow or otherwise obtain funds from third parties in lieu of immediately charging such loss to the Clearing Fund.” In order for a loss to be reimbursable out of the Clearing Fund under Article VIII, Section 5(b) of OCC’s By-Laws, the loss must arise from a situation in which any Settlement Entity has failed “to perform any obligation to [OCC] when due because of its bankruptcy, insolvency, receivership, suspension of operations, or because of any similar event.”<sup>5</sup>

Under either of the circumstances above, OCC is authorized to borrow

<sup>4</sup> OCC By-Laws, Article VIII, Section 5.

<sup>5</sup> To the extent that a loss resulting from any of the events referred to in Article VIII, Section 5(b) is recoverable out of the Clearing Fund pursuant to Article VIII, Section 5(a), the provisions of Article VIII, Section 5(a) control and render the provisions of Article VIII, Section 5(b) inapplicable.
