**SUPPLEMENTARY INFORMATION:**

**A. Purpose**

The Standard Form (SF) 28, Affidavit of Individual Surety, is used by all executive agencies, including the Department of Defense, to obtain information from individuals wishing to serve as sureties to Government bonds. Offerors and contractors may use an individual surety as security for bonds required under a solicitation/contract for supplies or services (including construction). It is an elective decision on the part of the offeror/contractor to use individual sureties instead of other available sources of surety or sureties for Government bonds. The information on the SF 28 is used to assist the contracting officer in determining the acceptability of individuals proposed as sureties.
