planted, planted acreage, and land location (which may include legal description, FSA farm number, FSA tract number, FSA field number, geospatial as-planted field boundaries, Resource Land Unit, etc.).

FSA and RMA are continuing to implement the ACRSI initiative in phases. The first phase was initiated in the fall of 2011 in Dickenson, Marion, McPherson, and Saline Counties in Kansas, and only for the collection of information from producers regarding winter wheat. The second phase was implemented in the spring of 2015 in 30 counties of Illinois and Iowa covering 9 crops. The third phase was implemented in the fall of 2015 in all counties of 15 states covering 9 crops. The fourth phase was implemented in the spring of 2016 in all counties nationwide covering 13 crops and about 90 percent of reported acreage. The fifth phase was implemented in the fall of 2016 expanding nationwide coverage to 16 crops and about 93 percent of reported acreage. The sixth phase was implemented in the fall of 2017 and spring of 2018 expanding nationwide coverage to 25 crops and about 94 percent of reported acreage. To ensure statutory criteria are met for Federal crop insurance, FSA and Commodity Credit Corporation (CCC) programs, the collection of commodity and acreage information is necessary. This is not a request for a change, addition, or deletion to the currently approved information collections.

However, the existing approved information collection will be updated, modified or eliminated, as applicable, to reflect the reduction in burden on the respondents when the solution is fully implemented.

Respondents: Producers.

Estimated Annual Number of Respondents Utilizing the Web-Based Single Source Reporting System and Benefiting From Sharing Information Between Agencies: 501,012.

Estimated Annual Number of Responses per Respondent: 1.5.

Estimated Total Annual Burden on Respondents Utilizing the Web-Based Single Source Reporting System and Benefiting From Having That Information Shared Between Agencies: 1,377,783 hours.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the agencies, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond through use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms to technology.

All comments in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget (OMB) approval.

Martin R. Barbre,

Manager, Federal Crop Insurance Corporation.

DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection; Grazing Permit Administration Forms

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the extension with minor revision of a currently approved information collection, Grazing Permit Administration Forms.

DATES: Comments must be received in writing on or before August 17, 2018 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to the Attention: Director, Rangeland Management, USDA Forest Service, Washington Office, 1400 Independence Avenue SW, Mailstop 1111, Washington, DC 20250–1111. To ensure timely delivery, review, and consideration, it may be preferable to submit comments via email to *cfrisbee@fs.fed.us;* or by facsimile to 703–605–1575. If comments are sent by electronic means or by facsimile, the public is requested not to send duplicate comments via regular mail.

All comments, including names and addresses when provided, are placed in the record and available for public inspection and copying.

The public may inspect comments received at the USDA Forest Service Washington Office, between the hours of 8:30 a.m. and 4 p.m. Those wishing to inspect comments are encouraged to call ahead to 202–205–0982 to facilitate entry into the building.

FOR FURTHER INFORMATION CONTACT: Andrew Kelher, Rangeland Management at 970–250–4146 or email *akelher@fs.fed.us*. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 twenty-four hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Grazing Permit Administration Forms.

OMB Number: 0596–0003.

Expiration Date of Approval: September 30, 2018.

Type of Request: Renewal of a currently approved collection.

Abstract: This information collection extension is necessary to continue allowing proper administration of livestock grazing programs on National Forest System (NFS) lands. Domestic livestock grazing occurs on approximately 94 million acres of NFS lands. Grazing on NFS lands is subject to authorization and administrative oversight by the Forest Service. The information collected by the Forest Service is the minimum required for issuance and administration of grazing permits, including fee collections, as authorized by the Federal Land Policy and Management Act (FLPMA) of 1976, as amended (43 U.S.C. 1700 *et seq.*) and United States Department of Agriculture regulations at 36 CFR 222, subparts A and C. Similar information is not available from any other source. Some of the forms have been updated for technical corrections; these edits do not change the intent, amount, or type of information collected from the public.

Forest Service officials currently use the following forms to collect the information necessary to administer this program.

FS–2200–0001; Refund, Credit, or Transfer Application collects the following information:

Estimate of Annual Burden: 20 minutes to complete the form.

- Name and mailing address;
- Permit number;
- National Forest or Grassland and Ranger District;
- Purpose of application: Credit on next year's fees, refund of overpaid fees, or transfer of credit to another account;
- Information on the allotment: number of cattle, horses, or sheep;
- Period rangeland not used;

• Reason for less use than permitted; and

• Signature of Permittee.

Information collected on this form enables the Forest Service to evaluate a grazing permittee's request for refund, credit, or transfer of the unused potion of the preceding season's grazing fees paid to the Forest Service for the occupancy of the National Forest System lands by permitted livestock.

FS–2200–0002; Application for Temporary Grazing or Livestock Use Permit collects the following information:

Estimate of Annual Burden: 20 minutes to complete the form.

• Name and address of applicant;

• Type, amount, and location of requested grazing;

• Period of use; and

• Grazing allotment.

Information collected on this form enables the Forest Service to determine whether individuals qualify for a temporary grazing or livestock use permit, which authorizes grazing on certain NFS lands for a period not to exceed one year. The Forest Service uses the information on this form to determine whether the applicant is likely to comply with grazing permit terms and conditions.

FS–2200–0012; Waiver of Term Grazing Permit enables the Forest Service to terminate an individual's grazing privileges on certain NFS lands based upon that individual's sale or transfer of base property, permitted livestock, or both to another individual who desires to acquire a new grazing permit. The waiver enables the Forest Service to cancel the grazing permit held by the individual who sold or transferred the base property, permitted livestock, or both; and to identify the individual who acquired the base property, permitted livestock, or both as the preferred applicant for a new grazing permit.

Estimate of Annual Burden: 30 minutes to complete the form.

FS–2200–0013; Escrow Waiver of Term Grazing Permit Privileges collects information on loans made to permittees. The Forest Service uses the information to record the name and address of a permittee's lender, the amount of the loan, and the due date for repayment. The information assists Agency officials in determining whether to hold in escrow, on behalf of the lender, all of the privileges associated with the grazing permit except the privilege to graze. The Forest Service uses the collected information to (1) notify the lender of important issues associated with the administration of the grazing permit and (2) facilitate the transfer of a grazing permit to the lender if the permittee defaults on the loan.

Estimate of Annual Burden: 20 minutes to complete the form.

FS–2200–0016; Application for Term Grazing Permit collects the following information:

Estimate of Annual Burden: 30 minutes to complete the form.

• Name and address of applicant;

• Type, amount, and location of requested grazing;

• Period of use; and

• Grazing allotment.

The information collected on this form enables the Forest Service to evaluate an applicant's eligibility and qualification to hold a term grazing permit authorizing the use of National Forest System lands for livestock grazing purposes, to determine the applicant's ability to comply with grazing permit terms and conditions, and to notify the applicant in writing of matters associated with the administration of permitted grazing including, but not limited to, bills for the fees associated with the permitted grazing.

FS–2200–0017; Application for Term Private Land Grazing Permit collects the following information:

Estimate of Annual Burden: 20 minutes to complete the form.

• Name and address of applicant;

• Type, amount, and location of requested grazing;

• Period of use; and

• Grazing allotment.

The information collected on this form enables the Forest Service to evaluate an applicant's eligibility and qualification to hold a term private land-grazing permit, which authorizes the use of National Forest System lands and private lands owned or controlled by the applicant for livestock grazing purposes. The information also enables the Forest Service to determine the applicant's ability to comply with grazing permit terms and conditions, and to notify the applicant in writing of matters associated with the administration of permitted grazing.

FS–2200–0025; Ownership Statement by Corporation, Partnership, or Other Legal Entity collects the following information:

Estimate of Annual Burden: 10 minutes to complete the form.

• Name of corporation, partnership, or other legal entity; and

• The title, signing authority, mailing address, shares owned, or percent of ownership of each stockholder, partner, or member of the entity.

The information on this form enables the Forest Service to evaluate whether a corporation, partnership, or other legal entity is eligible and qualified to hold a term grazing permit authorizing grazing on certain National Forest System lands, whether the entity is authorized to conduct business in the state in which the National Forest System lands to be grazed are located, and which shareholders, partners, or members are authorized to sign official documents on behalf of the legal entity.

Type of Respondents: Individuals, Families, or Businesses (especially those owning and operating ranches and farms).

Estimated Annual Number of Respondents: 1,290.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 504 hours.

Comment is invited: Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Dated: May 24, 2018.

Glenn Casamassa,

Associate Deputy Chief, National Forest System.
