

Commission for the regulation of materials covered by this Agreement.

The State and the Commission agree to keep each other informed of proposed changes in their respective rules and regulations and to provide each other the opportunity for early and substantive contribution to the proposed changes.

The State and the Commission agree to keep each other informed of events, accidents, and licensee performance that may have generic implication or otherwise be of regulatory interest.

Article VII

The Commission and the State agree that it is desirable to provide reciprocal recognition of licenses for the materials listed in Article I licensed by the other party or by any other Agreement State.

Accordingly, the Commission and the State agree to develop appropriate rules, regulations, and procedures by which reciprocity will be accorded.

Article VIII

A. The Commission, upon its own initiative after reasonable notice and opportunity for hearing to the State or upon request of the Governor of the State, may terminate or suspend all or part of this agreement and reassert the licensing and regulatory authority vested in it under the Act if the Commission finds that (1) such termination or suspension is required to protect public health and safety, or (2) the State has not complied with one or more of the requirements of Section 274 of the Act.

1. This Agreement will terminate without further NRC action if the State does not amend Wyoming Statute Section 35–11–2004(c) to be compatible with Section 83b.(1)(A) of the Act by the end of the 2019 Wyoming legislative session. B. The Commission may also, pursuant to Section 274j. of the Act, temporarily suspend all or part of this agreement if, in the judgment of the Commission, an emergency situation exists requiring immediate action to protect public health and safety and the State has failed to take necessary steps. The Commission shall periodically review actions taken by the State under this Agreement to ensure compliance with Section 274 of the Act, which requires a State program to be adequate to protect public health and safety with respect to the materials covered by this Agreement and to be compatible with the Commission's program.

Article IX

In the licensing and regulation of byproduct material as defined in Section 11e.(2) of the Act, or of any activity that results in production of such material, the State shall comply with the provisions of Section 274o. of the Act, if in such licensing and regulation, the State requires financial surety arrangements for reclamation or long-term surveillance and maintenance of such material.

A. The total amount of funds the State collects for such purposes shall be transferred to the United States if custody of such material and its disposal site is transferred to the United States upon termination of the State license for such material or any activity that results in the production of such material. Such funds include, but are not limited to, sums collected for long-term surveillance or maintenance. Such funds do not, however, include monies held as surety where no default has occurred and the reclamation or other bonded activity has been performed; and,

B. Such surety or other financial requirements must be sufficient to ensure compliance with those standards established by the Commission pertaining to bonds, sureties, and financial arrangements to ensure adequate reclamation and long-term management of such byproduct material and its disposal site.

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104–13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

Or you may submit your comments online through *www.regulations.gov*, referencing Docket ID Number [SSA–2018–0030].

I. The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than September 10, 2018. Individuals can obtain copies

of the collection instruments by writing to the above email address.

1. *Medical Source Opinion of Patient’s Capability to Manage Benefits—20 CFR 404.2015 and 416.615—0960–0024*. SSA appoints a representative payee in cases where we determine beneficiaries are not capable of managing their own benefits. In these instances, we require medical evidence to determine the beneficiaries’ capability of managing or directing their

benefit payments. SSA collects medical evidence on Form SSA–787 to: (1) Determine beneficiaries’ capability or inability to handle their own benefits; and (2) assist in determining the beneficiaries’ need for a representative payee. The respondents are the beneficiary’s physicians, or medical officers of the institution in which the beneficiary resides.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–787	131,556	1	20	43,852

2. *Work Activity Report—Employee—20 CFR 404.1520(b), 404.1571–404.1576, 404.1584–404.1593, and 416.971–404.976—0960–0059*. SSA uses Form SA–821–BK to collect recipient employment information to determine whether recipients worked after becoming disabled and, if so, whether

the work is substantial gainful activity. SSA uses Form SSA–821–BK to obtain work information during the initial claims process, the continuing disability review process, post-adjudicative work issue actions, and for Supplemental Security Income (SSI) claims involving work issues. SSA reviews and evaluates

the data to determine if the applicant or recipient meets the disability requirements of the law. The respondents are applicants and recipients of Title II Social Security and Title XVI SSI disability payments.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–821–BK	300,000	1	30	150,000

3. *Appointment of Representative—20 CFR 404.1707, 404.1720, 408.1101, 416.1507, and 416.1520—0960–0527*. Individuals claiming rights or benefits under the Social Security Act (Act) must notify SSA in writing when they appoint an individual to represent them in dealing with SSA. In addition, SSA requires representatives to sign the notice of appointment, or submit the equivalent in writing, if the representative is not an attorney. Recipients use Form SSA–1696–U4 to appoint a representative to handle their

claim before SSA, and their appointed representative uses the SSA–1696–U4 to indicate whether they will charge a fee, and to show their eligibility for direct fee payment. In addition, representatives also use the SSA–1696–U4 to inform SSA of their disbarment; suspension from a court or bar in which they previously admitted to practice; or their disqualification from participating in or appearing before a Federal program or agency. Finally, SSA requires non-attorney appointed representatives to sign the SSA–1696–

U4, or an equivalent written statement. SSA uses the information on the SSA–1696–U4 to document the appointment of the representative. Respondents are applicants for, or recipients of, Social Security disability benefits (SSDI) or SSI payments who are notifying SSA they have appointed a person to represent them in their dealings with SSA, and their non-attorney representatives who need to sign the form.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–1696–U4	800,000	1	13	173,333

4. *Representative Payee Report of Benefits and Dedicated Account—20 CFR 416.546, 416.635, 416.640, and 416.665—0960–0576*. SSA requires representative payees (RPs) to submit a written report accounting for the use of money paid to Social Security or SSI recipients, and to establish and

maintain a dedicated account for these payments. SSA uses Form SSA–6233 to: (1) Ensure the RPs use the payments for the recipient’s current maintenance and personal needs; and (2) confirm the expenditures of funds from the dedicated account remain in compliance with the law. Respondents

are RPs for SSI and Social Security recipients.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-6233	36,228	1	20	12,076

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding these information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than August 9, 2018. Individuals can obtain copies of the OMB clearance packages

by writing to *OR.Reports.Clearance@ssa.gov*.
 1. *Claimant's Medication—20 CFR 404.1512, 416.912—0960-0289*. In cases where claimants request a hearing after denial of their disability claim for Social Security, SSA uses Form HA-4632 to request information from the claimant regarding the medications they use. This information helps the administrative law judge overseeing the case to fully investigate: (1) The claimant's medical

treatment and (2) the effects of the medications on the claimant's medical impairments and functional capacity. The respondents are applicants (or their representatives) for Old Age, Survivors, and Disability Insurance (OASDI) benefits or SSI payments who request a hearing to contest an agency denial of their claim.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
HA-4632 (paper)	20,000	1	15	5,000
Electronic Records Express	180,000	1	15	45,000
Total	200,000	50,000

2. *Representative Payee Report—Special Veterans Benefits—20 CFR 408.665—0960-0621*. Title VIII of the Act allows for payment of monthly Social Security benefits to qualified World War II veterans residing outside the United States. An SSA-appointed representative payee may receive and manage the monthly payment for the beneficiary's use and benefit. SSA uses the information on Form SSA-2001-F6

to determine whether the representative payee used the certified payments properly, and continues to demonstrate strong concern for the beneficiary's best interests. Representative payees who receive Special Veterans Benefits (SVB) on behalf of beneficiaries residing outside the United States must complete the SSA-2001-F6 annually. We also require these representative payees to complete

the form any time we have reason to believe they could be misusing the benefit payments. The respondents are individuals or organizations serving as representative payees who receive SVB on behalf of beneficiaries living outside the United States.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-2001-F6	16	1	20	5

3. *Data Exchange Request Form—20 CFR 401.100—0960-0802*. SSA maintains approximately 3,000 data exchange agreements and regularly receives new requests from Federal, State, local, and foreign governments, as well as private organizations, to share data electronically. SSA engages in various forms of data exchanges from Social Security number verifications to

computer matches for benefit eligibility, depending on the requestor's business needs. Section 1106 of the Act requires we consider the requestor's legal authority to receive the data, our disclosure policies, systems' feasibility, systems' security, and costs before entering into a data exchange agreement. We use Form SSA-157, Data Exchange Request Form, for this

purpose. Requesting agencies, governments, or private organizations use the SSA-157 when voluntarily initiating a request for data exchange from SSA. Respondents are Federal, State, local, and foreign governments, as well as private organizations seeking to share data electronically with SSA.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
State, local, and tribal governments	114	1	30	57
Private sector organizations	32	1	30	16
