

SUMMARY: This notice announces the publication of an updated list of goods—along with countries of origin—that the Bureau of International Labor Affairs (ILAB) has reason to believe are produced by child labor or forced labor in violation of international standards (TVPPRA List). ILAB is required to develop and make available to the public the TVPPRA List pursuant to the Trafficking Victims Protection Reauthorization Act (TVPPRA) of 2005, as amended.

FOR FURTHER INFORMATION CONTACT: Rachel Rigby, Office of Child Labor, Forced Labor, and Human Trafficking, Bureau of International Labor Affairs, U.S. Department of Labor, at (202) 693-4843 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Bureau of International Labor Affairs (ILAB) announces the publication of the eighth edition of the *List of Goods Produced by Child Labor or Forced Labor* (TVPPRA List), pursuant to the Trafficking Victims Protection Reauthorization Act (TVPPRA) of 2005, as amended. ILAB published the initial TVPPRA List on September 10, 2009, and has since published seven updated editions. The 2018 edition adds 10 new goods (amber, bovines, cabbages, carrots, cereal grains, lettuce, mica, peppers, sheep, and sweet potatoes) from particular countries and one new country (Eswatini) to the TVPPRA List. This edition also features the removal from the TVPPRA List of physic nuts from Burma produced by forced labor, sugarcane from Panama produced by child labor, and cotton from both Paraguay and Uzbekistan produced by child labor.

Section 105(b) of the TVPPRA mandates that ILAB develop and publish a list of goods from countries that ILAB “has reason to believe are produced by forced labor or child labor in violation of international standards.” 22 U.S.C. 7112(b)(2). ILAB’s Office of Child Labor, Forced Labor, and Human Trafficking (OCFT) carries out this mandate. The primary purposes of the TVPPRA List are to raise public awareness about the incidence of child labor and forced labor in the production of goods in the countries listed and to promote efforts to eliminate such practices. A full report, including the updated TVPPRA List and a discussion of the TVPPRA List’s methodology, as well as Frequently Asked Questions and a bibliography of sources, are available on the Department of Labor website at: <http://www.dol.gov/ilab/reports/child-labor/list-of-goods/>.

Authority: 22 U.S.C. 7112(b)(2)(C).

Signed at Washington, DC, this 13th day of September 2018.

Martha E. Newton,

Deputy Undersecretary for International Affairs.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (18–070)]

NASA Astrophysics Advisory Committee; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the National Aeronautics and Space Administration (NASA) announces a meeting of the Astrophysics Advisory Committee. This Committee reports to the Director, Astrophysics Division, Science Mission Directorate, NASA Headquarters. The meeting will be held for the purpose of soliciting, from the scientific community and other persons, scientific and technical information relevant to program planning.

DATES: Monday, October 22, 2018, 11:00 a.m.–5:00 p.m.; and Tuesday, October 23, 2018, 11:00 a.m.–5:00 p.m., Eastern Time.

FOR FURTHER INFORMATION CONTACT: Ms. KarShelia Henderson, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358–2355, fax (202) 358–2779, or khenderson@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public telephonically and by WebEx. You must use a touch-tone phone to participate in this meeting. Any interested person may dial the USA toll free conference call number 1–888–324–2912 or toll number 1–312–470–7002, passcode 7682264, to participate in this meeting by telephone on both days. The WebEx link is <https://nasa.webex.com/>; the meeting number on October 22 is 991 683 794, password is APAC1018#; and the meeting number on October 23 is 998 343 087, password is APAC1018#.

The agenda for the meeting includes the following topics:

- Astrophysics Division Update
- Updates on Specific Astrophysics Missions
- Reports from the Program Analysis Groups

The agenda will be posted on the Astrophysics Advisory Committee web

page: <https://science.nasa.gov/researchers/nac/science-advisory-committees/apac>.

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Patricia Rausch,

Advisory Committee Management Officer, National Aeronautics and Space Administration.

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by October 22, 2018. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, at the above address, 703–292–8030, or ACAPermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95–541, 45 CFR 670), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.
