The new Commerce 232 portal will replace the use of the Federal rulemaking portal (<http://www.regulations.gov>) for parties submitting exclusion requests, objections to exclusions requests, rebuttals, and surrebuttals under the 232 exclusion process. The new portal will streamline the exclusion process for external parties, including importers and domestic manufacturers, by replacing the data collection point with web-based forms, which will enhance data integrity and quality controls. In addition, this new system will allow parties to more easily view all exclusion
