

DEPARTMENT OF COMMERCE

United States Patent and Trademark Office

Submission for OMB Review; Comment Request; Practitioner Conduct and Discipline

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

Agency: United States Patent and Trademark Office, Commerce.

Title: Practitioner Conduct and Discipline.

OMB Control Number: 0651-0017.

Form Number(s): No forms associated.

Type of Request: Regular.

Number of Respondents: 11,145.

Average Hours Per Response: The USPTO estimates that it will take the public between 1 and 20 hours, depending upon the complexity of the situation, to gather the necessary information, prepare, and submit the requirements in this collection.

Burden Hours: 12,465 hours annually.

Cost Burden: \$1,630.80.

Needs and Uses: This information is required by 35 U.S.C. 2, 32, and 33 and administered by the USPTO through 37 CFR 11.101-11.901 and 37 CFR 11.19-11.61. The information is used by the Director of the Office of Enrollment and Discipline (OED) to investigate and, where appropriate, prosecute practitioners for violations of the USPTO Rules of Professional Conduct. Registered practitioners are required to maintain proper documentation so that they can fully cooperate with an investigation in the event of a report of an alleged violation. There are no forms associated with this collection of information.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Required to Obtain or Retain Benefits.

OMB Desk Officer: Nicholas A. Fraser, email: Nicholas_A_Fraser@omb.eop.gov. Once submitted, the request will be publicly available in electronic format through reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Further information may be requested by:

• *Email:* InformationCollection@uspto.gov. Include "0651-0017 copy

request" in the subject line of the message.

• *Mail:* Marcie Lovett, Chief, Records and Information Governance Branch, Office of the Chief Administrative Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450.

Written comments and recommendations for the proposed information collection should be sent on or before March 28, 2019 to Nicholas A. Fraser, OMB Desk Officer, via email to Nicholas_A_Fraser@omb.eop.gov, or by fax to 202-395-5167, marked to the attention of Nicholas A. Fraser.

Marcie Lovett,

Chief, Records and Information Governance Branch, Office of the Chief Administrative Officer, USPTO.

BILLING CODE 3510-16-P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Application Package for Grantee Progress Report (GPR) Data Collection

AGENCY: Corporation for National and Community Service (CNCS).

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, CNCS is proposing to renew an information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by April 29, 2019.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) *By mail sent to:* Corporation for National and Community Service, Attention Sarah Yue, 250 E Street SW, Washington, DC, 20525.

(2) By hand delivery or by courier to the CNCS mailroom at the mail address given in paragraph (1) above, between 9:00 a.m. and 4:00 p.m. Eastern Time, Monday through Friday, except federal holidays.

(3) Electronically through www.regulations.gov.

Individuals who use a telecommunications device for the deaf (TTY-TDD) may call 1-800-833-3722 between 8:00 a.m. and 8:00 p.m. Eastern Time, Monday through Friday.

Comments submitted in response to this notice may be made available to the public through regulations.gov. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT:

Sarah Yue, 202-606-6894, or by email at syue@cns.gov.

SUPPLEMENTARY INFORMATION:

Title of Collection: Grantee Progress Report (GPR) Data Collection.

OMB Control Number: [3045-0175].

Type of Review: Renewal.

Respondents/Affected Public: Businesses and Organizations; State, Local or Tribal Governments.

Total Estimated Number of Annual Responses: 300 total respondents for AmeriCorps State and National. 52 respondents each for Commission Support Grants and Commission Investment Funds. 20 respondents for Volunteer Generation Fund.

Total Estimated Number of Annual Burden Hours: 4,540.

Abstract: CNCS uses information collected via the Grantee Progress Reports to assess grantee progress toward meeting approved objectives; to identify areas of challenge and opportunity; to guide the allocation of training and technical assistance resources; and to compile portfolio-wide data to report to external stakeholders. CNCS seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on April 30, 2020.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity

of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on regulations.gov.

Dated: January 30, 2019.

Sarah Yue,

*Senior Program and Project Specialist,
AmeriCorps State and National.*

BILLING CODE 6050-28-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID DOD-2018-OS-0042]

Notice of Availability for Finding of No Significant Impact for the Environmental Assessment Addressing Upgrade of the Main Gate Access Control Point at Defense Distribution Depot, San Joaquin, California, and Surrounding Area

AGENCY: Defense Logistics Agency (DLA), Department of Defense (DoD).

ACTION: Notice of availability (NOA).

SUMMARY: This NOA documents DLA's decision to proceed with the proposed action to upgrade the Main Gate Access Control Point at Defense Distribution Depot, San Joaquin California, and Surrounding Area following the completion of an Environmental Assessment (EA). The EA was prepared as required under the National Environmental Policy Act (NEPA) of 1969.

FOR FURTHER INFORMATION CONTACT: Ira Silverberg at 571-767-0705 during

normal business hours Monday through Friday, from 8:00 a.m. to 4:30 p.m. (EST) or by email: ira.silverberg@dla.mil.

SUPPLEMENTARY INFORMATION: DLA completed an EA to address the potential environmental consequences associated with the Proposed Action. This Finding of No Significant Impact (FONSI) incorporates the EA by reference, summarizes the results of the analyses in the EA, and documents DLA's decision to upgrade the Main Gate ACP at Defense Distribution Depot, San Joaquin and surrounding area. DLA has determined that the Proposed Action is not a major federal action that significantly affects the quality of the human environment within the context of NEPA, and that no significant impacts on the human environment are associated with this decision.

DLA consulted with the California State Historic Preservation Officer (SHPO) at the California Department of Parks and Recreation, Office of Historic Preservation, and the Buena Vista Rancheria of Me-Wuk Indians, Ione Band of Miwok Indians, North Valley Yokuts Tribe, Southern Sierra Miwuk Nation, Wilton Rancheria, and United Auburn Indian Community of the Auburn Rancheria for this Proposed Action. The SHPO concurred that the Proposed Action would not affect historic properties. The Buena Vista Rancheria of Me-Wuk Indians provided a response indicating the Tribe was not aware of any cultural resources, but requested notification if any issues arise during the Proposed Action and if undeveloped soil would be disturbed. DLA did not receive responses to the consultation requests with the other tribes. The SHPO and tribal consultation documents and the responses from the SHPO and the Buena Vista Rancheria of Me-Wuk Indians are in Appendix A of the revised EA.

On July 12, 2018, a **Federal Register** NOA was published announcing the availability of the EA for a 30-day public comment period that ended August 13, 2018. One comment letter, from the San Joaquin County Department of Public Works, was received during the EA public comment period. The San Joaquin County Department of Public Works had no comments, but requested to be included on the distribution list for future project documents. The comment letter was added to Appendix A of the revised EA. The revised EA is available electronically at the Federal eRulemaking Portal at <http://www.regulations.gov> within Docket ID: DOD-2018-OS-0042.

Purpose and Need for Action: The purpose of the Proposed Action is to provide the Defense Distribution Depot, San Joaquin with a safe and secure ACP at the Main Gate for light vehicles (e.g., standard dual-axle trucks and cars), bicycles, and pedestrians that is compliant with DoD Unified Facilities Criteria (UFC) 4-022-01, *Security Engineering: Entry Control Facilities/Access Control Points*, and UFC 4-010-01, *DoD Minimum Antiterrorism Standards for Buildings*, under all force-protection conditions. The Proposed Action would also provide adequate space on installation property for vehicle queuing entering the ACP, so that queuing does not occur on Chrisman Road. The Proposed Action is needed because the existing 58-year-old Main Gate ACP does not meet current DoD UFC requirements. Additionally, the Proposed Action is needed to reduce existing queuing issues along Chrisman Road during high-volume employee shift changes.

Proposed Action and Alternatives: Under the Proposed Action, DLA would demolish and remove existing buildings and infrastructure within the proposed ACP footprint; construct a new, permanent ACP at the Main Gate on the installation; and implement off-installation road improvements. The proposed ACP would consist of a visitor center, identification check point, vehicle inspection area, gatehouse, overwatch building, active and passive vehicle barriers and security fencing, utilities, and ancillary components. The existing Main Gate ACP, a warehouse, roadways and other pavements would be demolished; two fabric tent structures would be relocated; and infrastructure (i.e., utilities, fencing, and asphalt pavement) would be removed and replaced. The Proposed Action would also require the installation of a traffic signal at the intersection of Chrisman and Valpico Road, and the restriping of one lane of Chrisman Road leading to the intersection. After completion of construction, the proposed ACP would operate as a secondary ACP (i.e., an ACP that operates during regular hours, but less than 24 hours per day), similar to the existing Main Gate ACP. Light vehicles would continue to have access to the installation via the Truck Gate, which is currently open and would remain open 24 hours per day, during the hours the proposed ACP is closed. Gate 2 and the Employee Gate, which are currently used under limited circumstances, would be permanently closed. No new DLA personnel would be required to operate the proposed ACP.
