considered to be plant regulator claims by the Agency, thereby subjecting the products to regulation under FIFRA as pesticides. Examples are provided of both claims that are considered plant regulator claims and claims that are not considered plant regulator claims.

As guidance, this document is not binding on the Agency or any outside parties, and the Agency may depart from it where circumstances warrant and without prior notice. While EPA has made every effort to ensure the accuracy of the discussion in the draft guidance, the obligations of EPA and the regulated community are determined by statutes, regulations, or other legally binding documents. In the event of a conflict between the discussion in the draft guidance document and any statute, regulation, or other legally binding document, the draft guidance document would not be controlling.

III. Statutory and Executive Order Reviews

Additional information about these statutes and Executive Orders can be found at *https://www.epa.gov/laws-regulations/laws-and-executive-orders.*

A. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563: Improving Regulation and Regulatory Review

The Office of Management and Budget's (OMB) has determined that this draft guidance document qualifies as a significant guidance document under OMB's Final Bulletin for Agency Good Guidance Practices (*https://www.gpo.gov/fdsys/pkg/FR-2007-01-25/pdf/E7-1066.pdf*). As such, the draft document was submitted to OMB for review under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011). Any changes to the document made in response to OMB recommendations have been documented in the docket for this action as required by section 6(a)(3)(E) of Executive Order 12866.

B. Executive Order 13771: Reducing Regulations and Controlling Regulatory Costs

This action is not subject to the requirements for regulatory actions specified in Executive Order 13771 (82 FR 9339, February 3, 2017).

C. Paperwork Reduction Act (PRA)

This guidance does not create paperwork burdens that require additional approval by OMB under the PRA, 44 U.S.C. 3501 *et seq.* The information collection activities associated with pesticide registration are already approved by OMB under OMB Control No. 2070–0060. The corresponding information collection request (ICR) document is entitled ''Application for New and Amended Pesticide Registration'' (EPA ICR No. 0277.16). Clarifying which products are subject to pesticide regulations is not expected to have more than a de minimis impact on the number of products regulated annually and is not, therefore, expected to impact the estimated burdens.

Authority: 7 U.S.C. 136 *et seq.*

Dated: March 21, 2019.

Alexandra Dapolito Dunn,

Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1181]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before May 28, 2019. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email *PRA@fcc.gov* and to *Nicole.Ongele@fcc.gov.*

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–1181.

Title: Study Area Boundary Data Reporting in Esri Shapefile Format, DA 12–1777 and DA 13–282.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities and State, Local or Tribal Government.

Number of Respondents and Responses: 10 respondents; 10 responses.

Estimated Time per Response: 26 hours for submitting updates; less than 1 hour for recertification. Frequency of Response: On occasion and biennially reporting requirements.

Obligation to Respond: Mandatory. Statutory authority for this information collection is contained in *47 U.S.C. 254(b)* of the Communications Act of 1934, as amended.

Total Annual Burden: 171 hours.

Total Annual Cost: $3,895.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: No questions of a confidential nature are asked.

Needs and Uses: The Commission uses the study area boundary data collected through 3060–1181 to implement certain universal service reforms. The Universal Service Fund supports the deployment of voice and broadband-capable infrastructure in rural, high cost areas. High-cost support is granted to a carrier based on the characteristics of its ''study area,'' the geographic area served by an incumbent local exchange carrier within a state. Therefore, complete and accurate study area boundary data are essential for calculating a carrier's costs and expenses, which in turn determine the amount of support that carrier can receive to serve high-cost areas. In December 2012, the Commission

submitted a request for emergency preapproval of this collection, which the Office of Management and Budget (OMB) granted on January 23, 2013. On June 12, 2013, the Commission submitted a request for a three-year extension of the collection to July 31, 2016 (78 FR 34382), which OMB approved on July 31, 2013 (78 FR 76312). Initial study area boundaries were submitted in 2013. These maps were submitted via a secure internet-browser web interface developed and maintained by the Commission. If a study area boundary changes, filers are required to submit, via this interface, revised boundary data incorporating such changes by March 15 of the year following the change. In addition, all filers are required to recertify their study area boundaries every two years.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.
