Abstract: Public Law (Pub. Under the law, primary family caregivers may be eligible to receive a stipend, access to health care coverage, mental health counseling, comprehensive caregiver education and training and expanded respite services. Caregivers also may be eligible for travel benefits when they accompany the Veteran for care or attending training. In order to administer these benefits to caregivers, it is necessary that the VA receive information about the nature of benefit being sought and the persons who will be serving as caregivers and receiving benefits. The information collected will be used to determine if a post-9/11 Veteran or active duty service member undergoing medical discharge qualifies for Caregiver Support Services and whether the individuals designated to serve as primary or secondary family caregivers meet VA’s criteria for these roles.

Estimated Average Burden per Respondent: 15 minutes.

Frequency of Response: On occasion.

Estimated Number of Respondents: 16,500.

By direction of the Secretary.
