SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2016/20 Baccalaureate and Beyond (B&B:16/20) Full-Scale Study Panel Maintenance.

OMB Control Number: 1850–0926.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 3,790.

Total Estimated Number of Annual Burden Hours: 190.

Abstract: This request is for the National Center for Education Statistics (NCES) to conduct the 2016/20 Baccalaureate and Beyond (B&B:16/20) full-scale study panel maintenance activities. The B&B studies of the education, work, financial, and personal experiences of individuals who have completed a bachelor's degree at a given point in time are a series of longitudinal studies. Every 8 years, students are identified as bachelor's degree recipients through the National Postsecondary Student Aid Study (NPSAS). B&B:16/20 is the second follow-up of a panel of baccalaureate degree recipients identified in the 2015–16 NPSAS, and part of the fourth cohort (B&B:16) of the B&B series. NPSA:16 is the base year for B&B:16 follow-up interviews in 2017, 2020, and 2026 (anticipated). B&B cohorts prior to B&B:16 were approved under OMB #1850–0729. The B&B:16 cohort is

submitted and reviewed under OMB #1850–0926. The primary purposes of the B&B studies are to describe the post-baccalaureate paths of new college graduates, with a focus on their experiences in the labor market and post-baccalaureate education, and their education-related debt. B&B also focuses on the continuing education paths of science, technology, engineering, and mathematics (STEM) graduates, as well as the experiences of those who have begun careers in education of students through the 12th grade. Since graduating from college in 2014–15 for the field test, and 2015–16 for the full-scale study, members of this B&B:16 cohort will begin moving into and out of the workforce, enrolling in additional undergraduate and graduate education, forming families, and repaying undergraduate education-related debt. Documenting these choices and pathways, along with individual, institutional, and employment characteristics that may be related to those choices, provides critical information on the costs and benefits of a bachelor's degree in today's workforce. B&B studies include both traditional-age and non-traditional-age college graduates, whose education options and choices often diverge considerably, and allow study of the paths taken by these different graduates. B&B:16/20 full-scale study student interview data collection is scheduled to take place from July 2020 through March 2021, and the panel maintenance activity requested in this submission is scheduled to take place from October 2019 through February 2020.
