Overview of This Information Collection

Type of Request: Reinstatement, without change, of a previously approved information collection for which approval has expired.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 3136–0140.

Abstract: Reinstatement of this information collection will enable NEH to obtain qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide NEH with insights into customer or stakeholder perceptions, experiences, and expectations; help NEH quickly identify actual or potential problems with how the agency provides services to the public; or focus attention on areas where communication, training, or changes in operations might improve NEH's delivery of its products or services. These collections will allow for ongoing, collaborative and actionable communications between NEH and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

NEH will solicit feedback in areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. NEH will use the responses to plan and inform its efforts to improve or maintain the quality of service and programs offered to the public. If this information is not collected, NEH will not have access to vital feedback from customers and stakeholders about the agency's services and programs.

NEH will only submit an information collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or who may have
