

Inc., San Antonio, TX
Contracting Activity: OFFICE OF POLICY,
 MANAGEMENT, AND BUDGET, NBC
 ACQUISITION SERVICES DIVISION
Service Type: Janitorial/Custodial
Mandatory for: Department of the Treasury;
 Birmingham Regional Financial Center,
 Birmingham, AL
Mandatory Source of Supply: Alabama
 Goodwill Industries, Inc., Birmingham,
 AL
Contracting Activity: TREASURY,
 DEPARTMENT OF THE, DEPT OF
 TREAS/
Service Type: Document Destruction
Mandatory for: Social Security
 Administration: 600 West Madison St.,
 Chicago, IL
Mandatory Source of Supply: Goodwill
 Industries of Southeastern Wisconsin,
 Inc—Deleted, Milwaukee, WI
Contracting Activity: SOCIAL SECURITY
 ADMINISTRATION, REGION 05—
 RELOCATIONS
Service Type: Grounds Maintenance
Mandatory for: USCG, Chief of Staff Quarters,
 Bethesda, MD
Mandatory for: USCG, Commandant
 Quarters, Kenwood, MD
Mandatory for: USCG, Vice Commandant
 Quarters, Bethesda, MD
Mandatory Source of Supply: The Arc of
 Montgomery County, Inc., Rockville, MD
Contracting Activity: U.S. COAST GUARD,
 U.S. COAST GUARD

Patricia Briscoe,

*Deputy Director, Business Operations (Pricing
 and Information Management).*

BILLING CODE 6353–01–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2009–0102]

Collection of Information; Submission for OMB Review; Comment Request— Follow-Up Activities for Product- Related Injuries Including NEISS

AGENCY: Consumer Product Safety
 Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork
 Reduction Act of 1995, the Consumer
 Product Safety Commission (CPSC)
 announces that the CPSC has submitted
 to the Office of Management and Budget
 (OMB), a request for extension of
 approval of a collection of information
 previously approved under OMB
 Control No. 3041–0029, on consumer
 product-related injury data, and follow-
 up activities for product-related injuries.
 On October 8, 2019, CPSC published a
 notice in the **Federal Register**
 announcing the agency's intent to seek
 this extension. CPSC made available a
 copy of the supporting statement, "PRI

ICR 2019 60-day," under Supporting
 and Related Materials in Docket No.
 CPSC–2009–0102. CPSC received no
 comments in response to that notice. By
 publication of this notice, the
 Commission announces that CPSC has
 submitted to the OMB a request for
 extension of approval of that collection
 of information, without change.

DATES: Written comments on this
 request for extension of approval of
 information collection requirements
 should be submitted by January 21,
 2020.

ADDRESSES: Submit comments about
 this request by email: [OIRA_](mailto:OIRA_submission@omb.eop.gov)
submission@omb.eop.gov or fax: 202–
 395–6881. Comments by mail should be
 sent to the Office of Information and
 Regulatory Affairs, Attn: OMB Desk
 Officer for the CPSC, Office of
 Management and Budget, Room 10235,
 725 17th Street NW, Washington, DC
 20503. In addition, written comments
 that are sent to OMB also should be
 submitted electronically at [http://](http://www.regulations.gov)
www.regulations.gov, under Docket No.
 CPSC–2009–0102.

FOR FURTHER INFORMATION CONTACT: For
 further information or a copy of the
 supporting statement contact: Bretford
 Griffin, Consumer Product Safety
 Commission, 4330 East-West Highway,
 Bethesda, MD 20814; (301) 504–7037, or
 by email to: bgriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION:

A. Background

Section 5(a) of the Consumer Product
 Safety Act, 15 U.S.C. 2054(a), requires
 the CPSC to collect information related
 to the causes and prevention of death,
 injury, and illness associated with
 consumer products. That section also
 requires the CPSC to conduct
 continuing studies and investigations of
 deaths, injuries, diseases, other health
 impairments, and economic losses
 resulting from accidents involving
 consumer products.

The CPSC obtains information about
 product-related deaths, injuries, and
 illnesses from a variety of sources,
 including newspapers, death
 certificates, consumer complaints, and
 medical facilities. In addition, the CPSC
 receives information via its internet
 website through forms reporting on
 product-related injuries or incidents.
 The CPSC also operates the National
 Electronic Injury Surveillance System
 (NEISS), which provides timely data on
 consumer product-related injuries
 treated in hospital emergency
 departments in the United States. The
 CPSC also uses the NEISS system to
 collect information on childhood
 poisonings, in accordance with the

Poison Prevention Packaging Act of
 1970.

From these sources, CPSC staff selects
 cases of interest for further
 investigation, by contacting persons
 who witnessed or were injured in
 incidents involving consumer products.
 These investigations are conducted on-
 site (face-to-face), by telephone, or by
 the internet. On-site investigations are
 usually made in cases where CPSC staff
 needs photographs of the incident site,
 the product involved, or detailed
 information about the incident. This
 information also can come from contact
 with state and local officials, including
 police, coroners, and fire investigators,
 and others with knowledge of the
 incident.

Through interagency agreements, the
 CPSC also uses the NEISS system to
 collect information on injuries for the
 Centers for Disease Control and
 Prevention (CDC) under the NEISS All-
 Injury Program (NEISS–AIP). The
 NEISS–AIP is a sub-sample of
 approximately two-thirds of the full
 NEISS sample. In addition to the
 standard data variables collected on all
 NEISS injuries, the NEISS–AIP collects
 additional variables on several studies
 for CDC (Adverse Drug Events, Assaults,
 Self-Inflicted Violence, and Work-
 Related Injuries) and one study on non-
 crash motor vehicle-related injuries for
 the National Highway and
 Transportation Safety Administration
 (NHTSA). Additional special study
 variables are collected for CDC in the
 full NEISS sample for firearm-related
 injuries.

The current NEISS probability sample
 was drawn and recruited in 1995–1996
 and implemented in 1997. Since then,
 several of the selected hospitals have
 stopped participating for reasons such
 as closures and mergers with other
 hospitals, and were replaced with other
 purposively-selected hospitals. While
 hospital weights are adjusted to account
 for changes in the population of
 hospitals over time, the current sample
 of hospitals participating in NEISS is
 being reviewed to assess their
 representativeness. The selection
 process may be revised in future years
 in order to strengthen the quality and
 representativeness of the estimates
 generated by the NEISS–AIP. CPSC has
 entered into a contract with Westat to
 perform an independent statistical
 assessment of the NEISS and NEISS–
 AIP samples under CPSC contract
 61320619F0134 with a period of
 performance of September 27, 2019,
 through September 26, 2020.

B. NEISS Estimated Burden

The NEISS system collects information on consumer product-related incidents and other injuries from a statistical sample of 96 hospitals in the United States. Respondents to NEISS include hospitals that directly report information to NEISS, and hospitals that allow access to a CPSC contractor, who collects the data. Collecting emergency department records for review, correcting error messages, among other tasks, takes about 36 minutes per day. Each record takes about 30 seconds to review. Coding and reporting records that involve consumer products or other injuries takes about 2 minutes per record. Coding and reporting additional special study information (Adverse Drug Effects) takes about 2 minutes and 90 seconds per record for other special studies. Respondents also spend about 36 hours per year in related activities (training, evaluations, and communicating with other hospital staff).

In 2018, there were 130 NEISS respondents (total hospitals and CPSC contractors). These NEISS respondents reviewed an estimated 5.53 million emergency department records and reported 727,544 total cases (363,221 consumer product-related injuries for CPSC, and 364,323 other injuries for the NEISS-AIP). The table below lists the number of reported cases, and the number of reported cases with additional special study information.

Total NEISS Cases Reported	727,544
Consumer Product-Related Injuries	363,221
CDC NEISS-AIP	364,323

Special Studies Reported (subset of above)

Child Poisoning (CPSC)	4,734
Adverse Drug Events (CDC)	36,858
Assaults (CDC)	32,990
Firearm-Related Injuries (CDC)	6,159
Self-Inflicted Violence (CDC)	9,106
Work-Related Injuries (CDC)	38,132
Motor Vehicle Non-Crash Injuries (NHTSA)	12,813

The total burden hours for all NEISS respondents are estimated to be 100,781 for 2018. The average burden hour per respondent is 775 hours. However, the total burden hour on each respondent varies due to differences in size of the hospital (e.g., small rural hospitals versus large metropolitan hospitals). The smallest hospital reported 82 cases with a burden of about 258 hours, while the largest hospital reported 47,801 cases with a burden of about 4,125 hours.

The total cost to NEISS respondents for 2018 was approximately \$3,391,000. NEISS respondents enter into contracts with CPSC and are compensated for these costs. The average cost per respondent is estimated to be about \$26,000. The average cost per burden hour is estimated to be \$33.65 per hour (including wages and overhead). However, the actual cost to each respondent varies, due to the type of respondent (hospital versus CPSC contractor), size of hospital, and regional differences in wages and overhead. Therefore, the actual annual cost for any given respondent may vary between \$3,048 at a small rural hospital, and \$329,690 at the largest metropolitan hospital.

C. Other Burden Hours

In cases that require more information regarding product-related incidents or injuries, CPSC staff conducts face-to-face interviews with approximately 375 persons each year. On average, an on-site interview takes about 4.5 hours. CPSC staff also conducts about 175 in-depth investigations (IDIs) by telephone annually. Each telephone IDI requires about 20 minutes. CPSC staff is planning to conduct about 50 internet-based questionnaires per year, which require about 20 minutes each. The CPSC estimates 1,763 annual burden hours on these respondents: 1,688 hours for face-to-face interviews; 58 hours for in-depth telephone interviews, and 17 hours for internet-based questionnaires. CPSC staff estimates the value of the time required for reporting at \$36.77 an hour (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," March 2019: <https://www.bls.gov/new.release/ecec.toc.htm>). At this valuation, the estimated annual cost to the public is about \$64,826.

The total burden hours for the information collection is 102,544 (100,781 NEISS and 1,763 other), which is an increase of 21,334 hours. The increase in burden is due primarily to the increase in the number of emergency department charts being reviewed and coded since this collection of information was last approved by OMB in 2017.

This information collection request excludes the burden associated with other publicly available Consumer Product Safety Information Databases, such as internet complaints, Hotline, and Medical Examiners and Coroners Alert Project (MECAP) reports, which are approved under OMB control number 3041-0146. This information collection request also excludes the burden associated with follow-up

investigations conducted by other federal agencies.

Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2010-0041]

Collection of Information; Submission for OMB Review; Comment Request—Publicly Available Consumer Product Safety Information Database

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (PRA), the Consumer Product Safety Commission (CPSC) announces that the CPSC has submitted to the Office of Management and Budget (OMB) a request for extension of approval of a collection of information for the Publicly Available Consumer Product Safety Information Database, previously under OMB Control No. 3041-0146. On October 8, 2019, the CPSC published a notice in the **Federal Register** announcing the agency's intent to seek this extension. CPSC made a copy of the supporting statement available under Supporting and Related Materials under Docket No. CPSC-2010-0041. CPSC received no comments in response to that notice. By publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information, without change.

DATES: Written comments on this request for extension of approval of information collection requirements should be submitted by January 21, 2020.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. In addition, written comments that are sent to OMB, also should be submitted electronically at: <http://www.regulations.gov>, under Docket No. CPSC-2010-0041.
