Applications for New Awards; Personnel Development To Improve Services and Results for Children With Disabilities—Leadership Development Programs: Increasing the Capacity of Leaders To Improve Systems Serving Children With Disabilities

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice; correction.

SUMMARY: On February 13, 2020, we published in the **Federal Register** a notice inviting applications (NIA) for new awards for fiscal year (FY) 2020 for Personnel Development to Improve Services and Results for Children with Disabilities—Leadership Development Programs: Increasing the Capacity of Leaders to Improve Systems Serving Children with Disabilities, Catalog of Federal Domestic Assistance (CFDA) number 84.325L. The NIA published with the incorrect estimated available funds, which should be $3,000,000 instead of $1,600,000. We are also correcting the estimated number of awards, which will update the estimated number of awards from 8 to 15.

DATES: This correction is applicable February 20, 2020.

FOR FURTHER INFORMATION CONTACT: Sarah Allen, U.S. Department of Education, 400 Maryland Avenue SW, Room 5160, Potomac Center Plaza, Washington, DC 20202–5076. Telephone: (202) 245–7875. Email: *Sarah.Allen@ed.gov.*

DEPARTMENT OF ENERGY

Advancing the Bioeconomy Workshop

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy

ACTION: Notice of public workshop.

SUMMARY: The Department of Energy (DOE) is announcing a public workshop entitled, ''Advancing the Bioeconomy: From Waste to Conversion-Ready Feedstocks.'' The Bioenergy Technologies Office (BETO) seeks to gather input from experts on the present state and future potential of using waste streams, particularly municipal solid waste, as a feedstock for producing fuels, products, and power.

DATES: The workshop will be held on February 19, 2020, 8:00 a.m.–5:00 p.m., and February 20, 2020, 8:00 a.m.–12:30 p.m. To attend the workshop, you must contact Dr. Brianna Farber at (202) 586–5188 or Email: *eere_biomass@ee.doe.gov* by February 18, 2020. This event is open to the public but seating is limited. For those who are unable to attend the workshop but wish to submit comments, comments must be submitted on or before February 18th, 2020.

ADDRESSES: The workshop will be held at the DoubleTree by Hilton Washington DC-Crystal City, 300 Army Navy Drive, Arlington, VA 22202.

Comments may be submitted by the following methods:

Email: eere_biomass@ee.doe.gov. Include ''MSW workshop—public'' in the subject line of the message.

Postal Mail: Brianna Farber, Forrestal South 5H, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585. Due to the potential delays in DOE's receipt and processing of mail sent through the U.S. Postal Service, DOE encourages respondents to submit comments electronically to ensure timely receipt.

FOR FURTHER INFORMATION CONTACT: Dr. Brianna Farber, Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585; at (202) 586–5188; Email: *eere_biomass@ee.doe.gov.*

SUPPLEMENTARY INFORMATION:

Purpose of the Meeting

BETO seeks to gather input from experts on the present state and future potential of using waste streams as a feedstock for producing fuels, products, and power. BETO intends to cover the following topics at the workshop:

- Presentations on Municipal Solid Waste (MSW) characterization and quality parameters; logistics and preprocessing; and valorization and sustainability
- Discussion sessions on the presentation topics, specifically state of the art/technology, challenges for feedstock production, and R&D prioritization.

Public Participation

Members of the public are welcome to register and attend the workshop. To attend the workshop, you must contact Dr. Brianna Farber at (202) 586–5188 or Email: *eere_biomass@ee.doe.gov* by February 10, 2020. DOE will also accept public comments as described in **ADDRESSES** for purposes of developing the Bioenergy Technologies Office portfolio, but will not respond individually to comments received.

Participants should limit information and comments to those based on personal experience, individual advice, information, or facts regarding this topic. It is not the object of this session to obtain any group position or consensus from the meeting participants. To most effectively use the limited time, please refrain from passing judgment on another participant's recommendations or advice, and instead, concentrate on your individual experiences.

Information on Services for Individuals With Disabilities

Individuals requiring special accommodations at the meeting, please contact Brianna Farber no later than the close of business on February 18, 2020.

Confidential Business Information

According to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery two well-marked copies: One copy of the document marked confidential including all the information believed to be confidential, and one copy of the document marked non-confidential with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

Signed in Washington, DC, on February 10, 2020.

Jonathan Male,

Director, Bioenergy Technologies Office.

[Docket Nos. CP19–509–000; CP19–509–001]

Texas Eastern Transmission, LP; Notice of Schedule for Environmental Review of the Marshall County Mine Panels 19e and 20e Project

On September 4, 2019, Texas Eastern Transmission, LP (Texas Eastern) filed an application in Docket No. CP19–509–000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities in Marshal County, West Virginia. On December 19, 2019, Texas Eastern amended its application in Docket No. CP19–509–001. The proposed project, known as the Marshal County Mine Panels 19E and 20E Project (Project), would ensure safe and efficient operation of existing Texas Eastern pipeline facilities for the duration of planned longwall mining activities.

On September 17, 2019 and January 6, 2020, the Federal Energy Regulatory Commission (Commission or FERC) issued two separate Notice of Applications for the Project as amended. Among other things, the notices alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review

Issuance of EA—March 27, 2020
90-day Federal Authorization Decision Deadline—June 25, 2020

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Texas Eastern proposes to excavate, elevate, and replace certain sections of four natural gas transmission pipelines due to longwall mining activities in Marshall County, West Virginia. The Project would allow for safe and efficient operation of Texas Eastern's existing pipeline facilities for the duration of the longwall mining activities planned by Marshall County Coal Company in the area beneath Texas
