

section 10(a) of the ESA (16 U.S.C. 1531 *et seq.*). We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue the requested ITP to the applicants.

Public Comments

The Service invites the public to comment on the proposed HCP and draft EA during a 30-day public comment period (see **DATES**). You may submit comments by one of the methods shown under **ADDRESSES**.

Public Availability of Comments

We will post on <http://regulations.gov> all public comments and information received electronically or via hardcopy. All comments received, including names and addresses, will become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c)) of the ESA and NEPA regulation 40 CFR 1506.6.

Pamela Toschik,

Acting Assistant Regional Director, Ecological Services, North Atlantic-Appalachian Region.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R2-ES-2020-N086;
FXES11130200000-201-FF02ENEH00]

Endangered and Threatened Wildlife and Plants; Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications for a permit to conduct activities intended to recover and enhance endangered species survival. With some exceptions, the Endangered Species Act of 1973, as amended (ESA), prohibits certain activities that may impact endangered species unless a Federal permit allows such activity. The ESA also requires that we invite public comment before issuing these permits.

DATES: To ensure consideration, please submit your written comments by August 21, 2020.

ADDRESSES:

Document availability: Request documents by phone or email: Susan Jacobsen, 505-248-6641, susan_jacobsen@fws.gov.

Comment submission: Submit comments by email to fw2_te_permits@fws.gov. Please specify the permit you are interested in by number (e.g., Permit No. TE-123456).

FOR FURTHER INFORMATION CONTACT:

Susan Jacobsen, Chief, Classification and Restoration Division, 505-248-6641. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION:

Background

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA's definition of "take" includes

hunting, shooting, harming, wounding, or killing but also such activities as pursuing, harassing, trapping, capturing, or collecting.

The ESA and our implementing regulations in the Code of Federal Regulations (CFR) at title 50, part 17, provide for issuing such permits and require that we invite public comment before issuing permits for activities involving endangered species.

A recovery permit we issue under the ESA, section 10(a)(1)(A), authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or enhance the species' propagation or survival. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

Documents and other information submitted with these applications are available for review by any party who submits a request as specified in **ADDRESSES**. Releasing documents is subject to Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552) requirements.

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. We invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies. Please refer to the application number when submitting comments.

Application No.	Applicant	Species	Location	Activity	Type of take	Permit action
TE066550 ..	Logan Simpson Design, Inc.; Tempe, Arizona.	Black-footed ferret (<i>Mustela nigripes</i>), southwestern willow flycatcher (<i>Empidonax traillii extimus</i>), Yuma clapper rail (<i>Rallus longirostris yumanensis</i>), razor-back sucker (<i>Xyrauchen texanus</i>), Gila topminnow (<i>Poeciliopsis occidentalis</i>).	Arizona, New Mexico, Utah.	Presence/absence surveys, habitat surveys, nest monitoring.	Capture, harm, harass, injury, death.	Renew.

A person or party who wishes to protest one or more plats of survey identified above must file a written notice of protest with the Chief Cadastral Surveyor for Oregon/ Washington, Bureau of Land Management. The notice of protest must identify the plat(s) of survey that the person or party wishes to protest. The notice of protest must be filed before the scheduled date of official filing for the plat(s) of survey being protested. Any notice of protest filed after the scheduled date of official filing will be untimely and will not be considered. A notice of protest is considered filed on the date it is received by the Chief Cadastral Surveyor for Oregon/ Washington during regular business hours; if received after regular business hours, a notice of protest will be considered filed the next business day. A written statement of reasons in support of a protest, if not filed with the notice of protest, must be filed with the Chief Cadastral Surveyor for Oregon/ Washington within 30 calendar days after the notice of protest is filed. If a notice of protest against a plat of survey is received prior to the scheduled date of official filing, the official filing of the plat of survey identified in the notice of protest will be stayed pending
