Self-Regulatory Organizations; New York Stock Exchange LLC, NYSE Chicago, Inc., NYSE American LLC, NYSE Arca, Inc., and NYSE National, Inc.; Notice of Designation of a Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove Proposed Rule Changes, as Modified by Amendment No. 1, To Amend the Schedule of Wireless Connectivity Fees and Charges To Add Wireless Connectivity Services

August 12, 2020.

On February 11, 2020, New York Stock Exchange LLC, NYSE Chicago, Inc., NYSE Arca, Inc., and NYSE National, Inc. each filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder, ² a proposed rule change to amend the schedule of Wireless Connectivity Fees and Charges to add wireless connectivity services that transport the market data of the Exchanges. NYSE American LLC filed with the Commission a substantively identical filing on February 12, 2020. ³ The proposed rule changes were published for comment in the **Federal Register** on February 25, 2020. ⁴ On April 1, 2020, pursuant to Section 19(b)(2) of the Act, ⁵ the Commission designated a longer period within which to either approve the proposed rule changes, disapprove the proposed rule changes, or institute proceedings to determine whether to approve or disapprove the proposed rule changes. ⁶

On May 18, 2020, the Commission instituted proceedings to determine whether to approve or disapprove the proposed rule changes. ⁷ On July 27, 2020, the Exchanges each filed Amendment No. 1 to the proposed rule changes. Notice of Amendment No. 1 to the proposed rule changes was published for comment in the **Federal Register** on August 7, 2020. ⁸ The Commission has received comment letters on the proposed rule changes, as modified by Amendment No. 1. ⁹

Section 19(b)(2) of the Act ¹⁰ provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule changes were published for notice and comment in the **Federal Register** on February 25, 2020. ¹¹ August 23, 2020 is 180 days from that date, and October 22, 2020 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule changes, as modified by Amendment No. 1, so that it has sufficient time to consider the proposed rule changes, as modified by Amendment No. 1, the issues raised in the comment letters that have been submitted in connection therewith, and the Exchanges’ responses to comments. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act, ¹² designates October 22, 2020 as the date by which the Commission should either approve or disapprove the proposed

proceedings to determine whether to approve or disapprove the proposed rule changes.

Rule 433; SEC File No. 270-558, OMB Control No. 3235-0617

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collections of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 433 (17 CFR 230.433) governs the use and filing of free writing prospectuses under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*). The purpose of Rule 433 is to reduce the restrictions on communications that a company can make to investors during a registered offering of its securities, while maintaining a high level of investor protection. A free writing prospectus meeting the conditions of Rule 433(d)(1) must be filed with the Commission and is publicly available. We estimate that it takes approximately 1.28 burden hours per response to

prepare a free writing prospectus and that the information is filed by 2,906 respondents approximately 5.4026 times a year for a total of 15,700 responses. We estimate that 25% of the 1.3 burden hours per response (0.32 hours) is prepared by the company for total annual reporting burden of 5,024 hours (0.32 hours × 15,700 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. SSA uses Form SSA-820-BK to determine initial or continuing eligibility for: (1) Title II Social Security Disability Insurance benefits (SSDI); or (2) Title XVI Supplemental Security Income (SSI) payments. Under Titles II and XVI of the Social Security Act (Act), recipients receive disability benefits and SSI payments based on their inability to engage in substantial gainful activity (SGA) due to a physical or mental condition. Therefore, when the recipients resume work, they must report their work so SSA can evaluate and determine by law whether they continue to meet the disability requirements. SSA uses Form SSA-820-BK to obtain information on self-employment activities of Social Security Title II and XVI disability applicants and recipients. We use the data we obtain to evaluate disability claims, and to help us determine if the claimant meets current disability provisions under Titles II and XVI. Since applicants for disability benefits or payments must prove an inability to perform any kind of SGA generally available in the national economy for which we expect them to qualify based
