**SUPPLEMENTARY INFORMATION:**

*Information Collection Request Title:* Voluntary Partner Surveys to Implement Executive Order 12862 in the Health Resources and Services Administration, OMB No. 0915–0212—Extension.

*Abstract:* In response to Executive Order 12862, HRSA is proposing to conduct voluntary customer surveys of its partners to assess strengths and weaknesses in program services and processes. HRSA partners are typically state or local governments, health care facilities, health care consortia, health care providers, and researchers. HRSA is requesting continued approval of a generic clearance from OMB to conduct the partner surveys.

Partner surveys to be conducted by HRSA might include, for example, mail, electronic, and/or telephone surveys of grantees to determine satisfaction with grant processes or technical assistance provided by a contractor, or in-class or virtual evaluation forms completed by providers who receive training from HRSA grantees to measure satisfaction with the training experience. Results of these surveys will be used to plan and redirect resources and efforts as needed to improve services and processes.

Focus groups may also be used to gain partner input that will inform the design of mail, electronic and/or telephone surveys. Focus groups, in-class evaluation forms, mail surveys, electronic surveys, and telephone surveys are expected to be the preferred data collection methods for this information collection.

A generic approval allows HRSA to conduct a limited number of partner surveys without a full-scale OMB review of each survey. If this generic information collection request receives continued approval, information on each individual partner survey will not be published in the **Federal Register**.

A 60-day notice published in the **Federal Register** on December 15, 2020, vol. 85, No. 241; pp. 81210–11. There were no public comments.
