

part 1572. TSA is requesting a revision of the currently approved ICR. The currently approved ICR supports implementation of 49 U.S.C. 5103a,¹ which mandates that no State or the District of Columbia may issue an HME on a CDL unless TSA has first determined that the driver is not a threat to transportation security.

TSA's implementing regulations (codified at 49 CFR part 1572) describe the procedures, standards, and eligibility criteria for STAs of individuals seeking to obtain, renew, or transfer an HME on a CDL. To conduct the STA for the HME, States (or a TSA-designated agent in States that elect to have TSA perform the collection of information) must collect additional information beyond that already collected for the purpose of HME applications (which occur approximately once every five years). The driver is required to submit an application that includes personal information including driver's legal name; current and previous mailing addresses; date of birth; gender; height, weight, eye, and hair color; city, state, and country of birth; social security number (optional); immigration status; mental incapacity; criminal history; and biometrics, such as fingerprints.

States or the TSA agent must also submit whether the driver is a new applicant or applying to renew or transfer the HME. This information is necessary for TSA to forecast driver retention, transfer rate, and drop rate to help improve customer service and reduce program costs. This information also may be necessary to provide comparability with other Federal background checks, including the Transportation Workers Identification Credential (TWIC®).

In addition, the ICR includes the collection of information to expand enrollment options and the potential use of biographic and biometric (e.g., fingerprints, iris scans, and/or photo) information for additional comparability determinations. States have the option to permit TWIC holders to obtain an HME without completing a new STA, and applicants in States that allow comparability pay a reduced fee to obtain the HME. TSA may also use the information to determine whether the driver with a valid HME is eligible to participate in TSA's expedited screening program for air travel, the TSA PreCheck® Application Program. As of April 2020, unexpired HME

drivers who meet the eligibility requirements for TSA PreCheck may use their CDL number and two digit State code (e.g., NY1234567 for a New York CDL) in the appropriate known traveler number field of an airline reservation to obtain expedited screening eligibility.²

When the STA is complete, TSA makes a final determination on eligibility for the HME and notifies applicants of its decision. Most applicants will receive notification from TSA within two to three weeks of the submission of their completed applications. If initially deemed ineligible by TSA, applicants will have an opportunity to apply for an appeal or waiver. Applicants must submit an application for appeal or waiver within 60 days of issuance of TSA's notification on eligibility. If an application for appeal or waiver is not received by TSA within the specified amount of time, the agency may make a final determination to deny eligibility.

TSA is revising the collection to reflect the implementation of an online renewal or re-enrollment capability for those applicants. Active HME holders will be able to renew online before their STA expires; HME holders who have a recently expired STA will be able to re-enroll online. Approximately 60 percent of active HME holders enroll to renew their HME when it expires every five years. Online HME renewals will reduce the applicant's cost and hour burden by avoiding visiting a TSA enrollment center for the renewal of a STA. Also, TSA is revising the collection to reflect the subscription of HME holders, in States serviced by TSA's enrollment contractor, in the Federal Bureau of Investigation's (FBI) Rap Back Service. Once an individual is enrolled in Rap Back, TSA will not be required to collect new biometric fingerprints from the individual every five years or collect a fee from the individual for the submission of fingerprints to the FBI. The implementation of Rap Back recurrent criminal history vetting for HME holders will mitigate certain security risks posed by individuals who commit a disqualifying offense after their STA is completed and the HME is issued. Due to the reduced cost of the online enrollment transaction and elimination of the fingerprint fee, the renewal fee for an HME STA will decrease.

The currently approved ICR also includes an optional survey to gather

information regarding the driver's overall customer satisfaction with the service TSA's enrollment provider provides in the TSA-agent states. The survey currently is administered in-person at the conclusion of the enrollment process. TSA is revising the collection to allow the survey to be administered at the conclusion of the enrollment process via hyperlink sent to the applicant's email address, where available. The survey will also be sent to those applicants who use the online renewal process, where applicable. Please note that the optional survey is used only in States serviced by TSA's designated enrollment contractor.

TSA estimates an annualized 247,952 respondents will apply for an HME, and that the application and STA process will involve 259,253 annualized hours. The applicant fee remains \$86.50, which covers TSA's program costs, TSA's enrollment vendor's costs, and the FBI fee for the criminal history records check. For applicants in States that allow comparability, the reduced fee remains \$67.00.

BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-523 and 731-TA-1259 (Review)]

Boltless Steel Shelving Units Prepackaged for Sale From China; Scheduling of Expedited Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of expedited reviews pursuant to the Tariff Act of 1930 ("the Act") to determine whether revocation of the countervailing and antidumping duty orders on boltless steel shelving units prepackaged for sale from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

DATES: December 7, 2020.

FOR FURTHER INFORMATION CONTACT: Andres Andrade (202-205-2078), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On December 7, 2020, the Commission determined that the domestic interested party group response to its notice of institution (85 FR 54404, September 1, 2020) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant

conducting full reviews.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Staff report.—A staff report containing information concerning the subject matter of the reviews was placed in the nonpublic record on April 6, 2021, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before April 12, 2021 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by April 12, 2021. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform

¹ A record of the Commissioners' votes is available from the Office of the Secretary and at the Commission's website.

² The Commission has found the response to its notice of institution filed by Edsal Manufacturing Company, LLC, a domestic producer of boltless steel shelving, to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).
