Eunice Kennedy Shriver National Institute of Child Health and Human Development; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Child Health and Human Development Initial Review Group; Population Sciences Study Section.

Date: October 18, 2021.

Time: 9:00 a.m. to 2:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Eunice Kennedy Shriver National Institute of Child Health and Human Development, National Institutes of Health, 6710B Rockledge Drive, Room 2121B,

Bethesda, MD 20892 (Video Assisted Meeting).

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act. To request a copy of these documents, call the SAMHSA Reports Clearance Officer at (240) 276-0361.

Project: State Opioid Response (SOR)/ Tribal Opioid Response (TOR) Program Instrument (OMB No. 0930-0384)—Revision

SAMHSA is requesting approval to modify its existing CSAT SOR/TOR Program Instrument by (1) collapsing the original three questions into two questions for clarity and (2) adding ten questions in order to collect information on Congressionally mandated and programmatic activities, and comply with reporting requirements. The program-level information is collected quarterly and entered and stored in SAMHSA's Performance Accountability and Reporting System, which is a real-time, performance management system that captures information on the substance use prevention and treatment and mental health services delivered in the United States. Continued approval of this information collection will allow SAMHSA to continue to meet Government Performance and Results Modernization Act of 2010 reporting requirements that quantify the effects and accomplishments of its discretionary grant programs.

The SOR/TOR programs were first authorized under Title II Division H of the Consolidated Appropriations Act, 2018, Public Law 115-141. SAMHSA anticipates 159 recipients (states, territories, and tribal entities) will participate in these grant programs. Grantee-level data will include information related to: Reported overdose reversals; the purchase and distribution of naloxone; training in the administration of naloxone; implementation of prevention and education activities; outreach activities for underserved communities; and the purchase and distribution of fentanyl test strips. This grantee-level information will be collected quarterly.

The revisions to the tool will enable SAMHSA to better assess grantee accountability and performance on the required education and prevention activities for the SOR/TOR programs. SAMHSA will also use the data collected through the revised tool to implement recommendations resulting from the GAO study, "Drug Misuse: Agencies Have Not Fully Identified How Grants That Can Support Drug Prevention Education Programs Contribute to National Goals (GAO-21-96).¹ Finally, the revisions will assist SAMHSA in providing comprehensive
