A. Overview of Information Collection

Title of Information Collection: Extension of Time and Required Disclosures for Notification of Nonpayment of Rent Information Collection Request

OMB Approval Numbers:
2577–0006 Public Housing Agency (PHA) Lease Requirements, Recordkeeping Requirements.

2502–0178 Management Reviews of Multifamily Housing Programs.

Type of Request: Revisions of existing collection 2577–0006, and 2502–0178.

Form Number(s): N/A

Description of the need for the information and proposed use: The change to the existing information collection requests (ICRs) will provide for the burden on public housing agencies and multifamily owners of properties that receive project-based rental assistance to provide information to their tenants about Federal funding available related to a national emergency. Elsewhere in this issue of the **Federal Register**, HUD is publishing an interim final rule entitled “Extension of Time and Required Disclosures for

Notification of Nonpayment of Rent” (FR–6286–F–01), which provides the Secretary, upon making the requisite findings and providing the requisite notice, may require housing providers participating in public housing and properties with project-based rental assistance (PBRA) to provide tenants facing eviction for non-payment of rent with notification of and information about the opportunity to secure emergency funding and additional time to secure such funding prior to eviction. This Paperwork Reduction Act (PRA) amends the existing collections covering notifications for tenants for failure to pay rent in both the public housing collection, OMB No. 2577–0006, and the PBRA collection, OMB No. 2502–0178, to account for the additional burden of providing the additional notice to tenants in advance of an eviction with information about the opportunity to secure emergency funding and additional time to secure such funding prior to eviction.

HUD estimates a total of 217,000 households will be helped from receiving this eviction notification. HUD distributes that number amongst the programs’ collections and number of PHAs and multifamily owners. HUD anticipates the burden on the PHA and owners to be updating their standard lease termination notice with the new information, either by incorporating it into the notice, where applicable, or by providing it as a separate addendum. Providing the notice would not create additional burdens, as PHA and owners are already required to provide a notification when a household fails to pay rent. Thus, HUD anticipates minimal additional costs for this notice requirement. Finally, for the public housing program only, the rule requires PHAs to inform all public housing tenants that the extended timeframe for notification of lease termination due to nonpayment of rent is in effect, and that families will be provided information on available funding in that 30-day notification.+

Abstract: The BIE is requesting renewal of OMB approval for the admission forms for the Student Enrollment Application in Bureau-funded Schools. School registrars collect information on this form to determine the student's eligibility for enrollment in a Bureau-funded school, and if eligible, is shared with appropriate school officials to identify the student's base and supplemental educational and/or residential program needs. The BIE compiles the information into a national database to facilitate budget requests and the allocation of congressionally appropriated funds.
