

report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the workshop are as follows:

Working Group members will discuss factors that may impact the fishery for U.S. Caribbean Queen Triggerfish. Potential assessment data may also be reviewed.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Director of the USPTO has the authority to establish regulations governing the conduct and discipline of agents, attorneys, or other persons representing applicants and other parties before the USPTO (35 U.S.C. 2 and 32–33). The USPTO Rules of Professional Conduct, set forth in subpart D, part 11 of title 37 of the Code of Federal Regulations, prescribe the

manner in which agents, attorneys, and other practitioners, representing applicants and other parties before the USPTO should conduct themselves professionally. Part 11 outlines practitioners’ responsibilities for recordkeeping and reporting violations or complaints of misconduct to the USPTO. Subpart C of part 11 sets forth the manner by which the USPTO investigates misconduct and imposes discipline.

The USPTO Rules of Professional Conduct require a practitioner to maintain complete records of all funds, securities, and other properties of clients coming into his or her possession, and to render appropriate accounts to the client regarding the funds, securities, and other properties of clients coming into the practitioner’s possession, collectively known as “client property.” These recordkeeping requirements are necessary to maintain the integrity of client property. State bars require attorneys to perform similar recordkeeping.

Part 11 also requires a practitioner to report knowledge of certain violations of the USPTO Rules of Professional Conduct to the USPTO. The Director of the Office of Enrollment and Discipline (OED) may, after notice and opportunity for a hearing, suspend, exclude, or disqualify any practitioner from further practice before the USPTO based on non-compliance with the USPTO Rules of Professional Conduct. Practitioners who have been excluded or suspended from practice before the USPTO, practitioners transferred to disability inactive status, and practitioners who have resigned must keep and maintain records of their steps to comply with the suspension or exclusion order, transfer to disability inactive status, or resignation. These records are necessary to demonstrate eligibility for reinstatement. Reports of alleged violations of the USPTO Rules of

Professional Conduct are used by the Director of OED to conduct investigations and disciplinary hearings, as appropriate.

This information collection covers the various reporting and recordkeeping requirements set forth in Part 11 for practitioners representing applicants and other parties before the USPTO. Also covered are petitions for reinstatement for suspended or excluded practitioners and the means for reporting violations or complaints of misconduct to the USPTO.

II. Method of Collection

Items in this information collection may be submitted via online electronic submissions. Applicants may also submit the information in paper form by mail, fax, or hand delivery.

The USPTO Rules of Professional Conduct require practitioner agents to maintain various records to maintain the integrity of client property and meet other requirements. Additional

recordkeeping requirements are also given for practitioners who are under suspension or exclusion. The USPTO estimates that it will take a practitioner between 1 and 20 hours to perform

Totals				\$8,400

Postage Costs

Although the USPTO prefers that the items in this information collection be submitted electronically, responses may be submitted by mail through the United States Postal Service (USPS). The USPTO estimates that 1% of the 221 items will be submitted in the mail resulting in 2 mailed items. The USPTO estimates that the average postage cost for a mailed submission, using a Priority Mail 2-day flat rate legal envelope, will be \$9.25. Therefore, the USPTO estimates \$19 in postage costs associated with this information collection.

The USPTO is soliciting public comments to:

(a) Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected; and

(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments submitted in response to this notice are a matter of public record. USPTO will include or summarize each comment in the request to OMB to approve this information collection. Before including an address, phone number, email address, or other personally identifiable information (PII) in a comment, be aware that the entire comment—including PII—may be made publicly available at any time. While you may ask in your comment to withhold PII from public view, USPTO cannot guarantee that it will be able to do so.
