

an organization may not register as observers. An international nongovernmental organization with at least one office in the United States may register as a U.S. nongovernmental organization if it prefers.

An organization seeking approval from our office to attend CoP19 as an observer must include in their request evidence of their technical qualifications in protection, conservation, or management of wild fauna or flora, for both the organization and the individual representative(s). The request must also include copies of the organization's charter and any bylaws, and a list of representatives it intends to send to CoP19. Organizations seeking approval for the first time should detail their experience in the protection, conservation, or management of wild fauna or flora, as well as their purposes for wishing to participate in CoP19 as an observer. An organization we have approved within the past 5 years as an observer to a meeting of the Conference of the Parties does not need to provide as much detailed information concerning its qualifications as an organization seeking approval for the first time. These requests should be sent to the Division of Management Authority at the address provided in **ADDRESSES**, above; via email to managementauthority@fws.gov; or via fax to 703-358-2298.

Once we approve an organization as an observer, we will direct them to the location on the CITES website where they can obtain instructions for registering with the CITES Secretariat and also obtain logistical information about the meeting. A list of organizations approved for observer status at CoP19 will be available upon request from the Division of Management Authority immediately prior to the start of CoP19.

Future Actions

The CITES Secretariat will prepare a provisional agenda for CoP19 following the submission of documents for the meeting. We will publish the CoP19 provisional agenda in the **Federal Register** and on our website, at <https://www.fws.gov/international>.

The United States must submit any draft resolutions, decisions, or agenda items for discussion at CoP19 to the CITES Secretariat 150 days prior to the start of the meeting (*i.e.*, by June 17, 2022). To meet this deadline and prepare for CoP19, we have developed a tentative U.S. schedule. We will consider all available information and comments we receive during the comment period for this **Federal Register** notice as we decide which

proposed resolutions, decisions, and agenda items the United States will submit for consideration by the Parties. Approximately 4 months prior to CoP19, we will post on our website an announcement of the draft resolutions, draft decisions, and agenda items submitted by the United States for consideration at CoP19.

Through a series of additional notices and website postings in advance of CoP19, we will inform you about preliminary negotiating positions on resolutions, decisions, and amendments to the Appendices proposed by other Parties for consideration at CoP19. We will also publish an announcement of a public meeting to be held approximately 2 to 3 months prior to CoP19, to receive public input on our tentative negotiating positions regarding CoP19 issues.

The procedures for developing U.S. documents and negotiating positions for a meeting of the Conference of the Parties to CITES are outlined in 50 CFR 23.87. As noted in paragraph (c) of that section, we may modify or suspend the procedures outlined there if they would interfere with the timely or appropriate development of documents for submission to the CoP and of U.S. negotiating positions.
