BILLING CODE 6353-01-P

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Proposed Additions and Deletions

AGENCY: Committee for Purchase From
People Who Are Blind or Severely
Disabled.

ACTION: Proposed additions the
Procurement List.

SUMMARY: The Committee is proposing
to add service(s) to the Procurement List
that will be furnished by nonprofit
agencies employing persons who are
blind or have other severe disabilities.

DATES: Comments must be received on
or before: August 14, 2022.

ADDRESSES: Committee for Purchase
From People Who Are Blind or Severely
Disabled, 1401 S Clark Street, Suite 715,
Arlington, Virginia, 22202-4149.

FOR FURTHER INFORMATION CONTACT: For
further information or to submit
comments contact: Michael R.
Jurkowski, Telephone: (703) 785-6404,
or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION: This
notice is published pursuant to 41
U.S.C. 8503(a)(2) and 41 CFR 51-2.3. Its
purpose is to provide interested persons
an opportunity to submit comments on
the proposed actions.

Additions

If the Committee approves the
proposed additions, the entities of the
Federal Government identified in this
notice will be required to procure the
service(s) listed below from nonprofit
agencies employing persons who are
blind or have other severe disabilities.

The following service(s) are proposed
for addition to the Procurement List for
production by the nonprofit agencies
listed:

Service(s)

Service Type: Facilities Support Services
Mandatory for: US Navy, Naval Sea Systems
Command, Southwest Regional
Maintenance Center, Naval Base San
Diego, Naval Base Coronado (North
Island), and Naval Base Point Loma, San
Diego, CA

Designated Source of Supply: Professional
Contract Services, Inc., Austin, TX
Contracting Activity: DEPT OF THE NAVY,
SOUTHWEST REGIONAL MAINT

CENTER

Michael R. Jurkowski,
Acting Director, Operations.

DEPARTMENT OF DEFENSE

Department of the Army

Public Scoping for Environmental Impact Statement—Real Estate Transaction and Related Utilities Infrastructure Upgrade at U.S. Army Garrison—West Point and Vicinity

AGENCY: Department of the Army,
Department of Defense (DoD).

ACTION: Notice of Intent (NOI).

SUMMARY: Pursuant to the National
Environmental Policy Act of 1969
(NEPA), as implemented by Council on
Environmental Quality regulations, the
Department of the Army announces its
intent to prepare an environmental
impact statement (EIS) to analyze a real
estate transaction and a related utilities
infrastructure upgrade. The real estate
transaction would alter, where
necessary, an existing transmission line
easement at West Point, NY, and would
grant to Orange and Rockland Utilities
(O&R) a new 150-foot-wide transmission
line easement at West Point. These
measures would allow O&R to upgrade
its existing 34.5-kilovolt (kV) electrical
transmission line and associated
infrastructure between its Woodbury
Transition Station (in the Town of
Woodbury, NY), West Point, NY, and
the neighboring Village of Highland
Falls, NY. The EIS will evaluate the
environmental impact of the Proposed
Action, to include its impact on
adjacent properties.

DATES: Comments must be received by
August 29, 2022.

ADDRESSES: Please send any written
comments or questions to Mr.
Christopher Pray via email
(christopher.c.pray.civ@army.mil) or via
regular mail: U.S. Army Garrison—West
Point NEPA Coordinator (Attn: AMIM-
MLP-E), Building 667A, Ruger Road,
West Point, NY 10996.

FOR FURTHER INFORMATION CONTACT: Mr.
Christopher Pray at the above addresses
or at phone number (845) 938-7122.

SUPPLEMENTARY INFORMATION: The
purpose of the Proposed Action is to
allow O&R to expand transmission
capacity and ensure system redundancy.
The Proposed Action is needed because
West Point's electric demand is nearing
total system capacity. There is no
backup in case of emergency and/or

planned outages. The current 34.5kV
system consists of two 19-megawatt
(MW) circuits (38MW total). No reserve
capacity exists in either circuit,
resulting in a lack of redundant
capabilities for a significant number of
hours each year. Because the
neighboring communities of Highland
Falls and Fort Montgomery both receive
their electricity from the same 34.5kV
system that supplies West Point, these
municipalities would also benefit from
having a fully redundant electrical
system. The Proposed Action would
increase overall energy resiliency.
Implementing the Proposed Action
would allow U.S. Army Garrison—West
Point (USAG—West Point) to continue
to improve and modernize the
educational facilities and infrastructure
of the U.S. Military Academy as part of
USAG—West Point's larger master
planning efforts.

The Proposed Action includes the
following steps:

- USAG—West Point would enter
into a real estate transaction with O&R
to alter, where necessary, the alignment
of the existing transmission line
easement along approximately eight
miles of West Point property and grant
a new, approximately one-mile-long,
150-foot-wide easement on West Point
property to connect the upgraded
transmission line to a new Wilson Gate
Collocated Substation at West Point.
- O&R would construct two
temporary, overhead (OH), 34.5kV
transmission lines where necessary to
maintain service. O&R would use
existing transmission lines to the
greatest extent possible.
- O&R would install a mobile
substation at the O&R Dean Substation
on Mine Torne Road at West Point.
- O&R would decommission the
existing 34.5kV transmission line to
West Point, Highland Falls, and Fort
Montgomery.
- O&R would construct an upgraded
138kV transmission line, an upgraded
O&R Dean Substation, a new three-way
switching station along the transmission
line easement outside the O&R Dean
Substation, an upgraded O&R Harriman
Substation (in the Town of Woodbury,
NY), and an upgraded USAG—West
Point Delafield Substation. USAG—
West Point and O&R would then
construct a new, co-owned, Wilson Gate
Collocated Substation at West Point.
- O&R would decommission the
temporary, OH, 34.5kV transmission
line, the O&R Highland Falls Substation,
and the existing USAG—West Point
Wilson Gate Substation.

The transmission line upgrade would
require additional real estate
transactions between O&R and the State

of New York and between O&R and private landowners. Such transactions are necessary to alter the alignment of—and to build on—those portions of the existing transmission line easement not located on West Point property.

The new Wilson Gate Collocated Substation would be built near the existing USAG—West Point Wilson Gate Substation. The new Wilson Gate Collocated Substation would be divided into two sections, one serving West Point and the other serving the surrounding communities. Upon completion of the project, the existing USAG—West Point Wilson Gate Substation would be decommissioned but maintained for switching purposes.

The EIS will analyze at least two transmission line route alternatives and a No-Action Alternative. The route alternatives would alter the alignment of the existing easement where necessary. The Northern Route to Wilson Gate Collocated Substation Alternative would grant an additional easement to O&R from the vicinity of the USAG—West Point Delafield Substation to the new Wilson Gate Collocated Substation. The Southern Route to Wilson Gate Collocated Substation Alternative would grant an additional easement to O&R from where the transmission line would split north of the intersection of Stony Lonesome Road and Route 9W, to the new Wilson Gate Collocated Substation.

The Proposed Action is expected to impact multiple resources, including wildlife, vegetation, threatened and endangered species, water resources (including state and federally regulated wetlands, surface waters, and floodplains), land use (including the Hudson River Coastal Zone), cultural resources, state park lands, the Hudson River view shed, topography, and soils. Construction activities would create noise and would impact air quality and traffic. Because of the size of the affected area, the project could have significant environmental impacts. The particular resources that would experience significant impacts are unknown at this time.

Consultation with federal and state agencies is required and will include:

- Section 7 consultation under the Endangered Species Act;
- New York State endangered species review;
- Section 106 consultation under the National Historic Preservation Act; and
- preparation of a coastal zone consistency determination.

O&R will need to obtain a number of federal, state, and local permits and approvals, including an Article VII Certificate of Environmental

Compatibility and Public Need from the New York State Public Service Commission.

USAG—West Point developed a tentative schedule for the EIS. Two public meetings will occur approximately 20 days after **Federal Register** publication of this NOI. A Draft EIS is expected to be released for public review in late spring 2023, with public meetings to follow within approximately 20 days. The Final EIS will take into consideration all timely comments regarding the Draft EIS and is projected to be released in winter 2023–24. A Record of Decision is anticipated in late spring 2024.

Native American Tribes, government agencies, organizations, and individuals are invited to participate in the scoping process for this EIS by attending public meetings and/or by submitting written comments. USAG—West Point requests potential alternatives, information, and analyses relevant to the Proposed Action.

Due to the COVID–19 pandemic and the need to maintain social distancing, all public meeting materials will be provided online and all public meetings will convene by phone. Public meeting materials can be accessed at: <https://home.army.mil/westpoint/index.php/about/environmental-management-division>. Public meeting dates, times, and access numbers will be listed on the above website and will be published in local newspapers (e.g., *The Times Herald Record*, *News of the Highlands*, *The Pointer View*, and *The Cornwall Local*). If you cannot access the materials online, please contact Mr. Christopher Pray at phone number (845) 938–7122, via email (christopher.c.pray.civ@army.mil), or via regular mail: US Army Garrison—West Point NEPA Coordinator (Attn: AMIM–MLP–E), Building 667A, Ruger Road, West Point, NY 10996. If you send a request for public meeting materials via regular mail, your request must be postmarked no later than August 1, 2022. Written comments must be received within 45 days of the NOI's publication in the **Federal Register** and can be sent to the above addresses.

James W. Satterwhite, Jr.,

Army Federal Register Liaison Officer.

BILLING CODE 3711–02–P

DEPARTMENT OF EDUCATION

[Docket No. ED–2022–SCC–0095]

Agency Information Collection Activities; Comment Request; ARP–HCY State Coordinators Survey

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection. **DATES:** Interested persons are invited to submit comments on or before September 13, 2022.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2022–SCC–0095. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave SW, LBJ, Room 6W208D, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Sophia Hart, 202–453–6642.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested
