SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–95286; File No. SR–NSCC–2022–009]

Self-Regulatory Organizations; National Securities Clearing Corporation; Notice of Filing of Proposed Rule Change To Adopt Intraday Volatility Charge and Eliminate Intraday Backtesting Charge

July 14, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that on July 7, 2022, National Securities Clearing Corporation (“NSCC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the clearing agency. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change of NSCC consists of modifications to Procedure XV (Clearing Fund Formula and Other Matters) of the NSCC’s Rules & Procedures (“Rules”) to (1) adopt an intraday volatility charge that may be collected by NSCC on an intraday basis as part of Members’ Required Fund Deposits to the Clearing Fund; and (2) eliminate the Intraday Backtesting Charge, as described in greater detail below.³

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

(A) *Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

NSCC is proposing to enhance its Clearing Fund methodology by implementing an intraday volatility charge that may be collected by NSCC to mitigate the risks presented by Members’ adjusted intraday Net Unsettled Positions and Net Balance Order Unsettled Positions (hereinafter collectively referred to as “Net Unsettled Positions”)⁴ due to volatility in a Member’s own trading activity (referred to in this filing as “volatility risk”) that may occur between the collection of Members’ Required Fund Deposits at the start of the day and the collection of Members’ Required Fund Deposits at the start of the following Business Day.

In connection with the adoption of an intraday volatility charge and following an evaluation of the effectiveness of its margin methodology generally, NSCC is also proposing to eliminate the Intraday Backtesting Charge.⁵ NSCC would continue to maintain the Regular Backtesting Charge that is assessed on Members’ start of day portfolio, as permitted by, and as described in, the Rules.⁶

These proposed rule changes are described in greater detail below.

(i) Overview of the Required Fund Deposit and NSCC’s Clearing Fund

As part of its market risk management strategy, NSCC manages its credit exposure to Members by determining the appropriate Required Fund Deposits to the Clearing Fund and monitoring its sufficiency, as provided for in the Rules.⁷ The Required Fund Deposit serves as each Member’s margin.

The objective of a Member’s Required Fund Deposit is to mitigate potential losses to NSCC associated with liquidating a Member’s portfolio in the event NSCC ceases to act for that Member (hereinafter referred to as a “default”).⁸ The aggregate of all
