SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

This ICR collects the required information for Training Provider Eligibility Collection, which is determined by the State. At a minimum, the information to be collected enables the State to comply with regulations under 20 CFR 680 and the Workforce Innovation and Opportunity Act.

In June 2016, OMB approved the ICR under OMB control number 1205–0523. This ICR allows the DOL to collect information from States pertaining to Eligible Training Provider List and to retain that data. OMB granted approval for the ICR through September of 2019, and again through October of 2022. The Workforce Innovation and Opportunity Act authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.
